Resolved: That there be, and hereby is, appropriated the  
sum of twenty thousand dollars (\$20,000) for the purpose of  
constructing a new state highway commencing at Wilson's  
Mills in the plantation of Lincoln in the county of Oxford, and  
state of Maine; and thence running in a general easterly and  
southeasterly direction through Lincoln plantation and town-  
ship four in Oxford county, and the town of Rangeley in  
Franklin county to Oquossoc, so-called, in said town of Range-  
ley, and that the same be expended under the direction of the  
state highway commission.

## STATEMENT OF FACTS

This road would connect two already improved roads and would give another direct route to central and northern Maine, from New Hampshire, Vermont, northern New York and states west. It would save about a hundred miles for tourists entering via Colebrook going to Franklin, Somerset and northern counties. The building of this road would open up a large territory for summer camp-owners now inaccessible. Four or five miles of proposed road is already passable for automobiles.
