The secretary of state may select and issue a special distinguishing letter, mark, or design for number plates issued to manufacturers and dealers; also for any temporary or other special classes of registration and for use on motor cycles, trucks, trailers, tractors, and side-cars, which are required to be registered under this chapter.

Number plates so furnished shall be valid only for the calendar year for which they are issued, except that on and after December 25th of such calendar year, it shall be lawful to use and display on motor vehicles, the number plates issued for the next succeeding year; provided further, that motor vehicle registrations and license tags issued thereon in any calendar year shall be valid for use and display until March 1st of the next calendar year. Each number plate displayed shall be horizontal and shall be so fastened as not to swing, and its lower edges shall be at least 12 inches from the ground. Not more than one number plate shall be displayed upon any vehicle, except as may be otherwise permitted by this chapter.

In the case of all motor vehicles, ~~and~~ tractors, trailers, semi-trailers, and side-cars, one number plate shall be attached to the front and the other to the rear of said vehicle, so that the plates and the register number thereon shall always be plainly visible. ~~In the case of trailers, semi-trailers, and side-cars one such plate shall be attached to the rear thereof and shall always be plainly visible.~~ All plates shall be kept reasonably clean and the numbers legible.

The certificate of registration shall always be carried on the person of the operator or occupant, or in some easily accessible place in or about the vehicle therein described, except that certificates of registration of dealers need not be so carried.

If any number plate is lost or the register number thereon becomes mutilated or illegible, the owner or person in control of the vehicle for which said number plate was furnished shall immediately place a temporary number plate bearing his register number upon said vehicle. Such temporary number plate shall conform to the register number plate and shall be displayed as nearly as possible as herein provided for said regular number plate, and such person shall within 24 hours after such loss or mutilation give notice thereof to the secretary of state and apply under oath for a new number plate; and thereupon the secretary of state, if satisfied of the truth of the facts stated in the application, shall supply a new set of number plates upon payment of a fee of 75 cents for each such plate.

If the secretary of state is unable to furnish immediately to any person entitled thereto any plate or marker provided in this chapter, he may issue a temporary certificate with a temporary number plate, which certificate shall be carried and said plate shall be displayed upon said vehicle in the same manner as required for regular certificates and number plates. ~~Whenever one of a set of number plates is lost and a new set is issued as provided in this section, the remaining plates shall forthwith be returned to the secretary of state.~~ In case a plate is lost in transportation,

and the applicant shall certify in the affidavit that the plate has not been received by him and agrees that if it shall be received at some later date to return it forthwith, the secretary of state, after a thorough investigation, may furnish the applicant with a second plate without additional charge.'
