**AN ACT Providing for the Disposition of Moneys from the Tax on
Gasoline Purchased for Use in Internal Combustion Engines.**

Be it enacted by the People of the State of Maine, as follows:

R. S., c. 12, additional. Chapter 12 of the revised statutes is hereby amended by adding thereto two new sections to be numbered sections 89-A and 89-B and to read as follows:

‘Sec. 89-A. Aeronautical fund. Every distributor of internal combustion fuels shall keep a record of sales of such fuels as are to be used for aeronautical purposes and shall render a report thereof as provided in section 84. In the event that the consumer fails to request a refund of $\frac{3}{4}$ of the tax authorized by section 89 within 6 months from the date of purchase, then the said $\frac{3}{4}$ of the tax shall be added to a fund to be known as the aeronautical fund. Any unexpended balance from the above apportionments shall not lapse but shall be carried forward to the same fund for the next fiscal year and be available for such uses as indicated in this section. This fund may be expended, upon approval by the governor and council, by any legislative commission set up by an act of the legislature, in such ways as may be deemed expedient for the promotion of aeronautics within the state. If such commission be not established, then the appropriate state

officer for aeronautics may carry out the requirements of this section in the manner hereinbefore provided.'

'Sec. 89-B. Tax allocation. One-eighth of the tax on fuels used for aeronautical purposes shall be allocated to the aeronautical fund as established by section 89-A.'
