A commissioner of inland fisheries and game, and a deputy, recommended in writing by him, shall be appointed by the governor with the advice and consent of the council, the commissioner to hold office for 3 years, and the deputy during the pleasure of the commissioner recommending him; and each shall serve until his successor is appointed and qualified. The commissioner shall make a report to the governor on or before the 30th day of June of each year, for the year ending December 31st prior thereto.

The commissioner shall receive an annual salary of \$3000, provided, however, that the governor and council may increase said salary to an

amount not in excess of \$4000. He shall also receive all necessary traveling expenses.

Sec. 2. Duties and office; sale of confiscated arms and ammunition. The commissioner of inland fisheries and game, hereinafter designated as "the commissioner," shall have general supervision of the administration and enforcement of the inland fish and game laws. Under his direction his deputy shall assist him in the performance of his duties, particularly in field work and including the inspection of hatcheries and similar property, and in supervision of wardens and inspection of warden service. The commissioner shall have an office at the state capitol and adequate facilities for the transaction of the business of his department which shall be known as the department of inland fisheries and game, hereinafter designated as "the department." He may take for scientific purposes fish and game, and may introduce the same into the state and authorize others so to do.

The commissioner is authorized to sell all arms and ammunition held or confiscated by the state for violation of laws relating to the protection of inland fish and game. He shall transmit all moneys received by such sales forthwith to the treasurer of state to be credited to the department.

Sec. 3. Advisory council; appointment; terms; salary; expenses; meetings. The governor, with the advice and consent of his council, shall appoint an advisory council, consisting of 7 members, chosen one from each of the councilor districts. Appointment shall be for the term of 6 years and until successors are appointed and qualified. Upon the death, resignation, or removal from office of any person so appointed, the governor, with the advice and consent of his council, shall appoint a member to serve for the unexpired term. The members of the advisory council shall receive no compensation for their services, but said council shall be allowed actual expenses not to exceed \$500 for each fiscal year. The council shall render to the commissioner information and advice concerning the administration of the department. The council shall hold regular meetings with the commissioner or his deputy at the state capitol on the 1st Thursday of January and July, annually, and special meetings at such other times and places within the state as would seem advisable. At the meeting held on the 1st Thursday of January of each year, the council may elect one of its members as chairman and one as vice-chairman.

Sec. 4. Care and maintenance of state museum. The department of inland fisheries and game shall have the care and maintenance of the state museum.

Sec. 5. Rules and regulations; how issued. Whenever any existing con-

ditions adversely affect the fish in waters or lands in any part of the state, the commissioner, with the advice and approval of the advisory council, shall make such regulations as may be deemed remedial of any such adverse conditions, in the manner hereinafter provided:

Petitions stating the conditions affecting the fish and the regulations which are desired as a remedy may be addressed to the commissioner, by a majority of the municipal officers or 25 citizens of the municipality in which the waters exist; or if the waters are in an unorganized territory, by a majority of the county commissioners of the county in which said waters exist; or the commissioner may investigate the conditions adversely affecting the fish in any waters in any part of the state. This petition shall be filed in the office of the commissioner before the 1st day of September of each year.

Hearing shall be held in the several counties during the period from September 15th to December 14th, inclusive, of the year in which said petition has been filed, before the commissioner or such subordinate officer of the department of inland fisheries and game as the commissioner may designate, at a date and place to be designated by the commissioner.

Notice of the hearings to be held and the time and place thereof shall be by publication once a week for 2 successive weeks prior to the hearing in a newspaper published in the county where said hearing is to be held, and if no paper is published there, in a newspaper having statewide circulation.

After hearing pursuant to the petitions filed, the commissioner, with the advice and approval of the advisory council, shall make such regulations as may be deemed remedial of any adverse conditions proven to exist at the time of said hearing, such regulations to become effective on January 1st of the year next following the date of the petition. The commissioner shall cause the regulations to be reduced to writing, and publish the same once a week for 2 successive weeks in a newspaper published in the county where the waters are situated and which are affected thereby, or if no paper is published there, in a newspaper having statewide circulation, the last publication being prior to January 1st, following the date of the petition. The commissioner shall file a certified copy of said regulations with the secretary of state and with the clerk of the superior court of the county in which the waters affected thereby are situated.

If an unusually large concentration of fishermen should occur on any one of the waters in this state, so that the supply of fish in those waters might be depleted, the commissioner may declare an emergency and order a hearing held at a time and place to be designated by him, and shall cause notice thereof to be published at least 5 days prior to the hearing in a news-

paper published in the county where the water is situated, and if no newspaper is published in that county, then the notice shall appear in a newspaper having statewide circulation. After the hearing, the commissioner may promulgate regulations providing for the times, number, weight and manner in which fish may be taken from such waters. He shall reduce the regulation to writing and provide for the expiration date thereof, and shall cause notice of the same to be published, the regulations to take effect upon the day following the publication thereof. A certified copy of the regulations shall be filed with the secretary of state and with the clerk of the superior court in the county in which the water is situated.

Whoever violates any provisions of this section or any rule or regulation issued under the provisions of this chapter shall be penalized under the provisions of section 118.

Sec. 6. Commissioner may continue rules and regulations; penalty for violation thereof. All rules and regulations of the commissioner now in effect or hereafter promulgated shall remain in force until changed by further rules and regulations of said commissioner or by the legislature. Whoever violates any provision of any rule or regulation of the commissioner promulgated by virtue of this chapter shall be subject to the penalties provided in section 118.

Sec. 7. Rules and regulations for cusk. If, in the judgment of the commissioner and the advisory council, the supply of fish in any inland waters of the state is apt to be depleted by a large and unusual concentration of cusk, the commissioner may make such rules and regulations to fish for or catch cusk as may be necessary, in accordance with the provisions of section 5.

Sec. 8. Penalty for wilful defacement of notice of commissioner. Whoever wilfully mutilates, defaces, or destroys any notice, rule or regulation of the commissioner, posted in conformity with the provisions of this chapter, shall be punished by a fine of not more than \$50.

Sec. 9. Commissioner shall furnish sufficient copies of fish and game laws for the use of town clerks and agents. The commissioner is authorized to keep on hand at all times sufficient copies of the inland fish and game laws to furnish to all town clerks or agents authorized to issue licenses so that they shall have copies available to issue with every license.

Fishways

Sec. 10. Construction of fishways and repairs thereto; appeals; fishway patrol. Whenever the commissioner shall deem it expedient, he may re-

quire a fishway to be provided, erected, maintained, repaired or altered by the owners or occupants of any dam or other artificial obstruction above tidewater in any inland waters frequented by salmon, landlocked salmon, shad, alewives, or other migratory fish, in the manner hereinafter provided:

Fourteen days' written notice of hearing shall be given to one or more of the owners or occupants of any dam or obstruction.

Hearing shall be held by the commissioner or such subordinate officer of the department as the commissioner may designate, at a time and place selected by the commissioner.

After hearing, the commissioner by written order may require the owners or occupants of said dam or obstruction to provide, erect, maintain, repair or alter a suitable fishway, and he shall further prescribe the time during which said fishway shall be kept open for the passage of fish, under such conditions as shall be specified in said written order. The commissioner may amend the order, changing the time during which said fishway shall be kept open. Certified copies of the orders and any amendments shall be mailed to the owners or occupants of said dam or obstruction.

If any owner or occupant neglects or refuses to join in proportion to his interest therein, in erecting, maintaining, repairing or altering such fishway so ordered and required, the other owners or occupants shall so do and shall have an action on the case against such delinquents for their proportion of the expense thereof; and if all owners and occupants refuse or neglect to do so, the commissioner may so do and shall have an action on the case against all delinquents for their proportion of the expense thereof. Whenever delinquent owners or occupants as aforesaid reside out of the state, said amounts may be recovered as penalties by libel against said dam or obstruction and the land on which it stands, filed in the superior court in the county where said land is located, in the name of the commissioner, such notice to be given of the pendency thereof as the court in term time or vacation orders; and the court may render judgment therein against said dam, obstruction and lands for said penalties and costs and order a sale thereof to satisfy such judgment and costs, including costs of sale, subject, however, to all said requirements for the erection, maintenance and repair of said fishway.

Any owner or occupant may appeal to any justice of the superior court from any order of the commissioner by filing in the office of the clerk of the superior court in the county where said dam or other obstruction is located his notice in writing of such appeal containing the reasons therefor

within 14 days after the mailing of the copy of said order to any owner or occupant of the premises as above provided. If any such appeal is denied, full costs may be taxed against the appellant.

The commissioner shall maintain a fishway patrol along the Penobscot river, northerly of the Bangor dam.

Fish and Game Culture

Sec. 11. Commissioner may set apart waters for certain periods of time for fish culture; may cause destruction of mink therein; may permit transportation of live game; may license breeders; may take fish and game for scientific purposes. The commissioner, after hearing pursuant to the provisions of section 5, may set apart for a term not exceeding 10 years any inland waters for the use of the state, or of the United States commissioner of fisheries, in the prosecution of the work of fish culture and scientific research relative to fish. The order setting apart such waters shall be recorded in the registry of deeds in the county or registry district in which they are situated. In the waters so set apart, the commissioner and the United States commissioner of fisheries and persons acting under their authority in their respective fish culture and scientific work may take fish at any time or in any manner, and erect and maintain any fixtures necessary for such purposes. No other persons shall take or kill any fish, or use any implement for fishing, in such waters.

The commissioner may cause the destruction of any mink or other destructive animal or bird found in or around any fish hatchery or feeding station in this state.

The commissioner may grant permits to transport in and beyond the limits of the state live fish, wild animals, or game birds taken in the state, for breeding or advertising purposes.

The commissioner may take fish and game for scientific purposes, and may bring fish and game into the state or authorize the same to be done by others.

The commissioner may permit the taking of pickerel, perch and other fish in specified waters, subject to such conditions as he may prescribe, whenever it appears that said fish seriously injure the propagation of or the fishing for any game fish, after hearing pursuant to the provisions of section 5.

The commissioner may issue permits to any person, firm or corporation to engage in the business of propagating game birds, game, or wild animals under such regulations as he shall establish. He may issue to any person, firm, or corporation permit to fence in or enclose land for the above-named

purpose. When it appears that such application is made in good faith, and upon the payment of an annual fee of \$5, said commissioner may issue to the applicant a breeder's license permitting the breeding and rearing of any species of game birds or wild animals within such enclosure. Such licensed breeders may at any time sell, transport, or kill and sell, and any licensed person, firm, or corporation, resident of the state of Maine, may purchase, have in possession, or transport any game birds, game, or fur-bearing animals, or the skins thereof, raised by virtue of the provisions of this section, under such regulations as said commissioner may establish. No person shall engage in the business of breeding or rearing any game birds or game or fur-bearing animals at any time without first having procured a breeder's license as provided in this section.

Every licensed game or fur farmer and every person authorized to take birds or wild animals or fish for scientific purposes shall, on or before the 31st day of December of each year, make detailed report to said commissioner of all they have done during the year by virtue of such license or permit, on blanks to be furnished by the said commissioner.

Sec. 12. State game farms established. The commissioner is hereby authorized to purchase suitable lands and erect buildings thereon within this state, necessary for the operation of state game farms for experimental work in the propagation of game birds and game animals for restocking the woods and forests of the state, and to take game of any kind, dead or alive, or import the same, for the purposes of inspection, cultivation, propagation, distribution, or for scientific or other purposes deemed by him to be of interest to the game industry of this state.

Sec. 13. Keeping of wild animals in captivity prohibited; exceptions; fees; care and treatment. As used in this section, the following terms shall have the following meanings:

"Roadside menagerie." Any place where one or more wild animals are kept in captivity, either in an enclosure or by tether, upon any street or highway, or upon land, public or private, in the vicinity of any commercial establishment, for the evident purpose of exhibition or attracting trade.

"Wild animal." A wild animal is defined as a species of animal wild by nature, whether bred or reared in captivity, as distinguished from the common domestic animals.

It shall be unlawful for any person to keep any wild animal in captivity for exhibition, or the evident purpose of attracting trade, or to have any wild animal in his custody or control for such purpose, except that the commissioner may grant permits for a "roadside menagerie." Applications

therefor shall be made on forms prepared and furnished by the commissioner. The applications shall show the name and address of the applicant, the location or proposed location of the roadside menagerie, the approximate number and kinds of wild animals being or to be kept, space and method of housing, and confinement measures taken to protect the public from injury by any wild animal, and such further information as the commissioner shall prescribe. Each application shall be accompanied by a fee of \$50. The terms "exhibition" or "menagerie" will not include the showing of any animal in connection with any theatrical exhibition, circus or agricultural fair.

No permit shall be granted by the commissioner until he is satisfied that the provisions for housing and caring for the wild animals and for protecting the public are proper and adequate and in accordance with the standards therefor established by him.

All permits shall expire with the calendar year and may be revoked by the commissioner at any time prior thereto for failure to comply with the rules and regulations of the commissioner adopted pursuant to this section.

The commissioner is charged with the enforcement of the provisions of this section and shall adopt, publish and enforce rules and regulations for the housing, care, treatment, feeding and sanitation of wild animals kept in roadside menageries, and for the protection of the public from injury by such wild animals.

Each day during which a roadside menagerie is maintained without a permit shall constitute a separate offense.

Fish Hatcheries

Sec. 14. Commissioner may take land for fish hatcheries or game management areas; appeal. The commissioner for the location, construction, maintenance and convenient operation of a game management area for game, fish hatchery or fish hatcheries and feeding stations for fish may acquire in the name of the state by gift, bequest or otherwise, real and personal property; or he may purchase, lease or take and hold, for and in behalf of the state as for public uses, land and all materials in and upon it or any rights necessary for the purpose of establishing, erecting and operating game management areas, fish hatcheries or feeding stations. When the commissioner finds that a public need requires the taking of any land or rights for the purpose aforesaid, he shall cause the same to be surveyed, located, and so described that the same can be identified, and a plan thereof shall be filed in the registry of deeds in the county or registry district where the land or rights are located, and there recorded. The filing of

such plan and description shall vest the title to the land and right aforesaid in the state or its grantees, to be held during the pleasure of the state.

The owners of property, either real or personal, taken by the commissioner under the provisions of this section shall be entitled to damages equal to the reasonable value thereof, and in the event of a disagreement over the value, the reasonable value shall be determined by the county commissioners of the county in which the land is situated, upon the written application of any interested party. If any party in interest is aggrieved by the decision of the county commissioners rendered in conformity with the provisions of this section, an appeal may be made to the superior court of the county in the same manner as is provided when land is taken by the state for highway purposes.

Sec. 15. Federal fish culture recognized. The United States commissioner of fisheries and his duly authorized agents are hereby accorded the right to conduct fish culture operations and scientific investigations in the waters of this state in such manner and at such times as may be considered necessary and proper by the said commissioner and his agents.

Sec. 16. Commissioner to have authority over fish screens. The commissioner may authorize, alter, and remove the screening of any inland waters, and shall, upon application, make suitable provisions for the passage of logs, lumber and pulpwood in any floatable waters of the state so screened. The commissioner may prohibit fishing within 500 yards of any screen installed by authority of the department or the legislature. No person shall take up, destroy or injure any screen unless duly authorized by the commissioner.

Inland Fish and Game Wardens

Sec. 17. Inland fish and game wardens; appointment; powers and duties; tenure; service of processes. The commissioner shall appoint persons as inland fish and game wardens who shall have qualified under the rules established in the civil service code authorized under the provisions of sections 19 to 25, inclusive, who shall continue to hold office according to the provisions of the civil service code.

It shall be the duty of the inland fish and game wardens to enforce all laws relating to inland fisheries and game, and all rules and regulations pertaining thereto; to arrest all violators thereof, and to prosecute all offenses against the same.

The wardens shall have the authority to serve criminal processes on offenders of the law, and to arrest and prosecute camp trespassers, or per-

sons committing larceny from any cottage, camp, or other building, and shall be allowed the same fees as sheriffs and their deputies, for like services (all such fees to be paid to the commissioner of inland fisheries and game) and the wardens shall have the same rights as sheriffs to require aid in executing the duties of their office. They may serve all processes pertaining to the enforcement of any provision of this chapter.

Sec. 18. Sheriffs, deputy sheriffs, police officers and constables to have powers of wardens; wardens not to hold other office. Sheriffs, deputy sheriffs, police officers and constables are vested with the powers of inland fish and game wardens, and shall receive for similar services the same fees as those of inland fish and game wardens. Fish and game wardens appointed under the provisions of section 19 shall hold no other state, county, or town office from which they receive compensation.

Whenever it shall come to the attention of the commissioner of inland fisheries and game, or his deputy commissioner, that any person or persons known to have gone upon a hunting or fishing trip, or a trip for any other purpose, in the woodlands of the state and have not returned within a reasonable time after his or their departure, the commissioner of inland fisheries and game is hereby authorized to summon any person found within the state to assist in finding the lost person or persons, and each person so summoned shall be paid at a rate set by the said commissioner, with the approval of the governor and council, and be provided with subsistence during such service. The expenses of the commissioner in attempting to find lost persons shall be charged to the general funds.

Civil Service Commission

Sec. 19. Civil Service Commission provided for. The advisory council of the department of inland fisheries and game shall select 3 of its members to act as a civil service commission. The deputy commissioner with the approval of the commissioner shall prepare a written code for examinations for applicants for permanent employment in the warden and the hatchery service of the department. Such code shall not become operative until reduced to writing and approved in writing by the commissioner.

Sec. 20. Rules to be promulgated. The civil service commission shall prepare rules for the effective operation of sections 19 to 25, inclusive, which shall become effective when approved in writing by the commissioner.

Sec. 21. Rules; examinations; probationary employment; intoxicating liquors; age limit. The civil service rules shall provide and declare as follows:

I. The deputy commissioner shall prepare open and competitive examinations for testing the practical fitness of applicants for permanent employment in the warden and the hatchery service.

II. The applicant shall be graded according to the method adopted by the civil service commission for testing his capabilities and fitness for the service. No employment shall be considered as permanent until the employee shall have completed a probationary period of sufficient length to demonstrate to the commissioner his ability and fitness to discharge the duties of the service.

III. The habitual use of intoxicating liquor or drugs shall disqualify any person from being appointed or retained in the warden or the hatchery service of the department.

IV. The civil service commission is authorized to set the age limits within which original appointments to the warden and the hatchery service may be made.

Sec. 22. All permanent employees to come under provisions of sections 19-25; present permanent employees to be retained; examinations to be advertised. The provisions of sections 19 to 25, inclusive, shall apply to all permanent employees. All present employees shall be considered as if appointed under the civil service provisions. Notice of the time and the place of the examination shall be published in a paper having state wide circulation.

Sec. 23. Definition of rules and regulations; modifications. The words "rules" or "regulations" are used interchangeably throughout this chapter. These may be modified at any time by the civil service commission, but shall not become effective until approved in writing by the commissioner.

Sec. 24. Removal from service. No person in the game warden service or the fish hatchery service shall be dismissed or demoted except for such cause as would reduce the efficiency of the service. Any person being demoted or removed from the services mentioned herein shall be given a notice in writing, stating the reasons for the demotion or dismissal and shall be allowed a reasonable time, to be stipulated in the notice, for answering the same in writing. Copies of charges, notice of hearing, answer, reasons for removal or demotion, and the order of demotion or dismissal shall be made a part of the records of the department, and copies thereof shall be furnished to the person concerned if requested in writing. The civil service commission may provide for a tribunal made up of its members as a hearing board for cases arising under the provisions of this sec-

tion. If no board has been created by the civil service commission, the hearings will be held by the commissioner or his deputy.

No hearing shall be required under the provisions of this section unless a written request is made within the time required for filing an answer in the notice. The notice may be made by mailing the same to the last known address of the employee in the service.

Sec. 25. All permanent employees to come under provisions of sections 19-25; present permanent employees to be retained. The provisions of sections 19 to 25, inclusive, shall apply to all permanent employees. All present permanent employees shall be considered as if appointed under the civil service provisions.

Guides

Sec. 26. Guides shall be registered by commissioner; must furnish such information as commissioner requires. No person shall engage in the business of guiding, either for inland fishing or forest or shore hunting, until he has procured a certificate so to do from the commissioner. Each registered guide shall, from time to time, as often as requested by said commissioner, forward, on blanks furnished him by said commissioner, a statement of the number of persons he has guided during the time called for in said statement, the number of days he has been employed as a guide, and such other information relative to inland fish and game, forest fires, and the preservation of the forests in the localities where he has guided, as the commissioner may deem of importance to the state.

Sec. 27. Junior guides; requirements for; examining board. The commissioner shall appoint a board of 3 members, 1 member of which shall be a Maine camp director, who shall serve without compensation, to be known as the "Junior Guides Examining Board." Appointments to said board shall be for 3 years or until successors are appointed.

Said board shall hold such meetings as may be necessary and shall adopt rules and regulations establishing standards of requirements and methods of ascertaining fitness of candidates for registration as junior guides.

All candidates must be between the ages of 14 and 21 years and those who pass the required examinations shall be presented with appropriate certificates by the commissioner and may obtain a junior guide's license upon payment of a fee of 50 cents.

No junior guide may receive remuneration for services, or compete in any way with regular Maine guides.

Sec. 28. Applications for registration shall be made to the commissioner in writing; classification; fees; revocation of registration. An applicant for registration as a guide shall apply in writing to the commissioner, setting forth in his application whether he desires to be registered as a Class A or Class B guide; and the commissioner may, upon sufficient proof as to his competency, register such person as a Class A or Class B guide. No person shall be issued a Class A guide's certificate unless he is physically, mentally and morally capable of guiding and caring for a party anywhere in the forests or on the waters of the state and said commissioner may, at his discretion, promote or demote guides from one class to another.

A fee of \$5 shall be paid annually for the registration of a Class A guide and a fee of \$4 shall be paid annually for a Class B guide. Non-residents may be so licensed upon payment of a fee of \$40. Persons licensed under this section may hunt and fish by virtue of their guide's license.

Whenever a guide registered, as provided in this section, is charged with having violated any of the inland fish and game laws, the commissioner may suspend his certificate of registration.

Sporting Camps

Sec. 29. Sporting camps defined; regulation of by commissioner; penalty. A sporting camp, under the provisions of this section, shall include any camp, lodge, or building regularly or temporarily open for hunting and fishing parties as distinguished from private dwellings, and which are situated in any of the unorganized townships in the state.

Every person maintaining a sporting camp within the territory described in the preceding paragraph, shall obtain a license from the commissioner each calendar year, and shall pay therefor a fee of \$5. The license shall not be issued unless the applicant files the written consent of the land owner or his agent upon whose property the sporting camp is located. The holder of each license issued under the provisions of this section shall report the number of residents and non-residents entertained in such camp, and shall furnish such other information relative to the natural resources of the state as the commissioner may require, and shall file the same on or before the 15th day of December of each calendar year.

A license shall only be issued to persons who have complied with the provisions of this chapter.

Any violation of any provision of this section shall be punishable by a fine of \$50 and costs.

Definitions

Sec. 30. Definitions. The words "closed season" shall mean the time during which it is unlawful to hunt, pursue, shoot, wound, trap, destroy or possess any bird or animal, to fish for or catch any fish. The words "open season" mean the time during which it shall be lawful to take animals, birds and fish as specified and limited by law.

The word "tributary" means a brook or stream flowing directly or indirectly into a lake, pond or another stream. A lake or great pond shall not be construed to mean "tributary." The tributary to a great pond shall not be considered a tributary to the outlet of that great pond.

"Landlocked salmon" and "salmon" shall be construed to mean the same species of fish.

A "water thoroughfare" means a waterway without flowage, as distinguished from a stream or river, connecting 2 bodies of water. All thoroughfares and bogs shall be covered by the same laws applicable to lakes and ponds except as hereinafter provided.

Fishing

Sec. 31. Fishing licenses for residents and non-residents; fees; revocation. No resident of the state over 18 years of age, and no non-resident over the age of 10 years shall fish in any inland waters of the state, except in accordance with the following provisions:

I. Any resident of the state and his or her immediate family may, without license, fish in open waters in accordance with the laws of the state, from land to which he or she is legally entitled to possession, on which he or she is actually domiciled, and which is used exclusively for agricultural purposes.

II. Each resident of Maine and each non-resident shall purchase a fishing license, which shall be kept upon the person while fishing or transporting fish, and shall be exhibited upon request to any warden, guide or employee of this department. A resident shall apply and obtain a license from the clerk of the town in which he has a residence, but if the applicant is a resident of the state and is domiciled in an unorganized territory, then the clerk of the town nearest to the unorganized place may issue a license. The commissioner may appoint agents in unorganized towns for the purpose of issuing resident fishing licenses to the residents domiciled in that unorganized town.

The clerks of all municipalities are authorized agents for the issuance of

all fishing licenses. The commissioner may designate additional agents and shall determine the period during which they shall act. The license shall be issued upon payment of \$1.15, and the clerk shall retain 15c from the fee. The license shall be valid for the calendar year in which it was issued. All licenses shall expire on midnight of December 31st of the year of issue. No license shall be wilfully issued to any person not a resident of the municipality in which said license is issued, and the penalty of any violation of this provision shall be \$10 and costs.

All employees of the Veterans' Administration Facility are hereby classified as residents of this state for the purpose of obtaining fishing licenses, and shall pay the same fees and be held to the same laws, rules and regulations as residents of this state. All persons who are serving in the armed forces of the United States, and who are stationed in this state at the time they apply for a Maine fishing license, shall be and hereby are classified as residents of this state for the purpose of obtaining fishing licenses, provided, however, that these resident privileges shall cease 6 months after cessation of hostilities. The governor may issue complimentary fishing and hunting licenses to members of the Canadian Immigration Customs Forces who serve in such capacity on the Maine border.

III. There shall be 4 classes of non-resident fishing licenses. A license for the entire season shall cost \$5.15. A 15-day license shall cost \$3.15 and shall remain in effect for 15 days from the date of purchase. The amount paid on a 15-day license shall be credited on an entire season license, upon the additional payment of \$2.15 in the same year in which the 15-day license was issued. A junior non-resident license, for persons between the ages of 10 and 16 years of age, shall cost \$1.15 for a season. In all cases, 15c shall be retained by the agent from the license fee. Any non-resident of the state who is a citizen of the United States, may procure a license good for 3 consecutive days from the date of the purchase upon the payment of \$1.65, 15c to be retained by the agent. The date of the days must be plainly enumerated on the face of the license. Any resident of the state who procures a 3-day license may exchange the same for an annual resident fishing license in the town in which he resides, upon the payment of 15c to the clerk or agent who issues same.

IV. Each season license shall expire on December 31st of the calendar year in which it is issued. Each agent shall on the 1st of each month forward to the commissioner the net funds by him collected, together with a report containing a list of the persons to whom he has issued licenses since the last report, the class of each license, and said funds shall be promptly forwarded to the treasurer of state.

V. Failure to produce a license within a reasonable time shall be prima facie evidence of the violation of the provisions of this section.

VI. The funds collected by agents shall constitute a propagation fund, so called, to be expended under the direction of the commissioner for the sole purpose of the propagation and distribution of fish in the inland waters of Maine and facilities therefor. Said fund shall not lapse from year to year, but funds so collected in any one year may be used in that or any succeeding years for said purpose.

VII. No resident hunting or fishing license or combination of same shall be issued unless the applicant shall present a poll-tax receipt from the town where he resided in the year immediately preceding the date of the application, or the applicant exhibits a valid unexpired state of Maine motor vehicle operator's license bearing the applicant's name, or the applicant must exhibit a certificate from the taxing authority that he was exempted from paying a poll-tax, or that the same has been abated, or that the applicant is not required by law to pay a poll-tax.

VIII. All persons, who at the time of enlistment or induction into the military service were residents of Maine and who are now serving in the armed forces of the United States, may procure from any city or town clerk in the state, free of charge, except for the clerk's fee of 15c, a special resident fishing license good for the year in which applied for. Holders of such licenses shall be subject to all the laws of the state and the rules and regulations of the commissioner relating to fishing; and for violation of said laws of the state or the rules and regulations of the commissioner, said licenses shall be revoked as provided in this chapter. The provisions of this subsection, however, shall be in effect only for the duration of the present war.

IX. The commissioner shall issue a hunting and fishing license to any Indian over the age of 18 years of the Passamaquoddy and Penobscot tribes without any charge or fee, providing the Indian presents a certificate from the agent of his or her respective tribe stating that the person described is an Indian and a member of that tribe. The mouth of the Big Magalloway river shall be considered at the location of the Lynchtown-Parmachenee town line.

No person or persons shall take, catch, kill nor have in their possession more than 3 pounds of trout and/or salmon, nor more than 10 fish even though the 10 fish so taken weigh less than 3 pounds, taken from the above waters by the ordinary method of fly casting, in any 1 day during the open season.

Any person legally in possession of any fish may ship his daily limit of fish to his home by way of a common carrier, in accordance with the provisions of this chapter. Such privilege of shipment may be exercised once every 10 days by purchasing from the commissioner or his agent a transportation tag which shall cost \$1.00.

No fish shall be transported by any carrier until the shipper has exhibited his fishing license in person, or the same is exhibited by his agent, together with the written request of the licensee that the carrier transport the shipment, and the carrier shall retain the written request until the end of the calendar year in order that inspection may be made by the department. The agent of the common carrier shall indorse in ink, the following on the back of the shipper's license: the shipping point, date of shipment, weight and number of each kind of fish contained therein, and the destination. Sec. 52. Cultivation of useful fish by individuals. Any riparian proprietor may, within the limits of his own premises, enclose the waters of a stream not navigable, for the cultivation of useful fish; provided that he furnishes suitable passages for migratory fish naturally frequenting such waters, and does not obstruct the passage of boats and other craft and materials, in places where the same have a right to pass. Any person legally engaged in the artificial culture and maintenance of fish may take them in his own enclosed waters wherein the same are so cultivated and maintained, as and when he pleases, and may at all times sell, ship, or transport them from his own pools or ponds, without accompanying the shipment, having first procured a license therefor and tagged said fish in accordance with the rules and regulations established by the commissioner.

Sec. 53. Penalty for fishing in private ponds without permission of owners. No person, without permission of the proprietor, shall fish in that portion of a pond or other water in which fish are artificially cultivated or maintained by written permission of the commissioner. It shall be lawful to take minnows usually used as bait for fishing, in all the inland waters of the state (during the period that such waters are open for fishing) as bait for fishing only in this state, except that the commissioner may grant permits to take minnows for bait purposes from certain waters at any time; and provided, further, that it shall be lawful to fish for and take white fish with single hook and line in the daytime in the waters of the state during such time as the waters fished in are open to fishing for salmon, trout and togue.

All persons dealing in live bait shall be licensed to do so by the commissioner, and the fee therefor shall be \$2 for each calendar year. The

license shall authorize the person holding the same to use the ordinary commercial type of minnow trap or the ordinary commercial type of minnow seine not to exceed 4 feet in depth by 25 feet in length, in the taking of minnows and other unprotected fish commonly used for bait purposes.

If any person, firm or corporation believes it to be necessary in the prosecution of its business to deposit some or all of the materials mentioned in the preceding paragraph in some inland water, or on the banks thereof, where such depositing is now prohibited, such person, firm or corporation may make application to the commissioner and the director of health who shall give notice thereof and hold a hearing, and shall have authority to issue such permit as they deem advisable and necessary, or to deny such petition.

The following rivers and their branches are exempted from the provisions of the preceding paragraphs: Salmon Falls river, Mousam river, Saco river, Presumpscot river, Androscoggin river, Kennebec river, Penobscot river, St. Croix river, and St. Johns river excepting all its tributaries. Whoever violates any provision of this section shall pay a fine of not less than \$5 nor more than \$100 and costs for each offense.

Provided further, that the commissioner and the forest commissioner shall have authority, upon petition of 25 citizens of this state, and after

due notice and public hearing in the locality of the waters to be affected, at which hearing all parties interested may be heard, to promulgate rules and regulations prohibiting the pollution of any of the brooks, streams or rivers in this state with slabs, edgings, sawdust, chips, bark, mill waste, shavings, or any fibrous material created in the manufacture of lumber. A copy of any regulations promulgated by virtue of this section shall be filed in the office of the clerk of courts in the county in which the waters are situated, and shall be published 3 times in a newspaper printed in the county wherein the waters are situated. Any person trapping for wild animals must on or before the 31st day of December of each year send a written report of all wild animals, and the number of each kind taken during that year, to the commissioner. Any resident or his immediate family may hunt or trap for wild animals, except beaver, in accordance with the laws of the state, without such trapping license on land to which he is legally entitled to possess and which is used by him and his family exclusively for agricultural purposes, and on which he is actually domiciled, within the limits of an organized township. Whoever traps for any wild animal in violation of any provision of this section or whoever fails to file an annual report required by this section, or whoever has in his possession at any time any wild animal or part thereof, taken in violation of any provision of this section, shall be subject to the penalties provided for in

section 118. Any person who has been found guilty of breaking and entering, or of larceny, shall not be eligible thereafter to obtain a trapper's license. Sec. 61. Poisons shall not be used for purposes of killing animals. Whoever for the purpose of killing wolves, foxes, dogs, or other animals, and not for the destruction of insects or vermin in a building, leaves or deposits in any place any poison or poisonous substance shall be subject to the penalties of section 118. The commissioner may, however, grant permits to agents of the Federal Fish and Wildlife Service and to fruit growers to use poisons in the destruction of rodents. Provided, however, that these resident privileges shall cease 6 months after the cessation of hostilities.

For the purpose of issuing licenses, the clerks of all towns are authorized agents. The commissioner may appoint additional agents.

The license shall be issued to a resident by the clerk of the town in which the applicant resides, or if domiciled in an unorganized territory, then by the clerk of the nearest town, upon payment of a fee of \$1.15, of which 15c shall be retained by the town clerk. The commissioner may appoint agents in unorganized towns for the purpose of issuing resident hunting licenses to the residents domiciled in that unorganized town.

A combination of hunting and fishing license may be issued on payment of \$2.15, 15c to be retained by the town clerk.

The governor may issue complimentary fishing and hunting licenses to members of the Canadian Immigration and Customs Forces serving along the Maine border.

III. Such licenses may be revoked by said commissioner at any time after notice and an opportunity for a hearing; each person so licensed shall on or before the 31st day of December each year, make a detailed report to said commissioner of all they have done during the year by virtue of such license; such taxidermist may sell skins from animals received for mounting.

Sec. 104. Licenses for dealers in deer skins and heads. The commissioner may annually issue licenses to residents of this state to buy and sell deerskins, and the heads of deer if not detached from said skins, during the months of January, October, November and December, and the time may be extended by the commissioner upon written application, and the extension shall also be in writing signed by the commissioner. Provided, however, that deer heads so purchased may when detached from the skins, be sold to licensed taxidermists. Such licensee shall keep a true and complete record which shall be open to inspection by the commissioner or agent, of all such heads and skins purchased, the name and residence of whom purchased and the date of each purchase, and shall send such record annually, under oath, to the commissioner on or before the 31st day of December of each year. The fee for such license shall be \$25, to be paid to the said commissioner. All deerskins and deer heads purchased by virtue of this section shall be transported only under such rules as shall be made by said commissioner. No person shall buy any skins or heads of deer without being licensed as herein provided, or no licensee as aforesaid shall neglect to keep the record and forward the same to said commissioner as herein provided, nor refuse to exhibit said record upon request to the commissioner or his agent. For any violation of this section the commissioner may as an additional penalty revoke said license.

All skins of fur-bearing animals bought in violation of any provisions of this section shall be forfeit and contraband and shall be seized by any person authorized to enforce the inland fish and game laws, and upon conviction of the person or persons from whom they were seized they shall be sold, and the proceeds from such sale paid to the treasurer of state. All persons aiding or assisting another in buying, sorting or grading the skins of fur-bearing animals shall be considered as engaged in the business of buying the skins of fur-bearing animals and must procure a license therefor.

Search and Seizure of Game

Sec. 106. Seizure and disposition of game and equipment for violation of law. All birds, fish, or animals, or parts thereof, hunted, bought, sold, carried, transported, or found in possession of any person in violation of the provisions of this chapter, or equipment possessed in violation of the provisions of this chapter, shall be contraband and shall be forfeited to the state. And in all cases where a warden may find birds, fish, or animals, or parts thereof, or equipment possessed in violation of the provisions of this chapter he may seize the same without a warrant, and keep them for a reasonable time. The officer who made such seizure, may within reasonable time file with a magistrate a libel against such birds, fish or animals, or parts thereof, or any equipment possessed in violation of the provisions of this chapter (except that articles of less than \$10 in value shall not be libeled unless reasonable doubt exists as to the ownership thereof), setting forth their seizure by him, describing such birds, fish or animals, or parts thereof, or equipment and that they were hunted, taken, caught, killed, or had in possession in violation of the provisions of this chapter, and pray for

a decree of forfeiture thereof, and such magistrate shall thereupon fix a time for the hearing of such libel, and shall issue his monition and notice of the same, to all persons interested, citing them to appear at the time and place appointed and show cause why said birds, fish or animals, or parts thereof, or equipment possessed should not be declared forfeited, by causing a true and attested copy of said libel and monition to be posted in 2 conspicuous places in the town or place where such birds, fish, or animals, or parts thereof, or equipment possessed were seized, or in such place or places as is ordered by the magistrate, 10 days at least before the day to which said libel is returnable. Copies shall be served on common carriers.

In case the magistrate finds that the birds, fish or animals, or any parts thereof, seized, will be unsuitable for food (or other use) at the day to which said libel is returnable, he shall order the officer making the seizure to dispose of the same; and the officer disposing of the same shall, in case of sale, hold the proceeds of said sale subject to order of the court for decision as to the right of the claimant, if any appear, to said birds, fish, or animals, or parts thereof. If the magistrate finds the claimant, if any appear, is not entitled to said birds, fish, or animals, or parts thereof, the officer making such seizure shall turn over to the magistrate the proceeds of such sale, and such magistrate shall forward the proceeds thereof to the commissioner in the same manner as is provided by section 109.

If no claimant appears, such magistrate shall, on proof of notice as aforesaid, declare the same forfeited to the state. If any person appears and claims such articles, or any part thereof, as having a right to the possession thereof at the time when the same were seized, he shall file with the magistrate such claim in writing, stating specifically the right so claimed, and the foundation thereof, the items so claimed, the time and place of the seizure and the name of the officer by whom the same were seized, and in it must declare that they were not had in possession in violation of the provisions of this chapter, with his knowledge or consent, and also state his business and place of residence, and shall sign and make oath to the same before said magistrate. If any person so makes claim, he shall be admitted as a party to the process; and the magistrate shall proceed to determine the truth of the allegations in said claim and libel, and may hear any pertinent evidence offered by the libelant or claimant. If the magistrate is, upon the hearing, satisfied that said birds, fish, or animals, or parts thereof, or any equipment possessed were not had in possession in violation of the provisions of this chapter, and that the claimant is entitled to the custody of any part thereof, he shall give him an order in writing, directed to the officer having the same in custody commanding him to deliver to said claimant the articles, or proceeds derived from the sale of the same, to

which he is so found to be entitled, within 48 hours after demand. If the magistrate finds the claimant entitled to no part of said articles so seized, he shall render judgment against him for the libelant for costs, to be taxed as in civil cases before such magistrate, and issue execution thereon, and shall declare said articles forfeited to the state. The claimant may appeal and shall recognize with sureties as on appeals in civil causes from a magistrate.

The forms herein set forth, with such changes as adapt them for use in cities, towns, and plantations, are sufficient in law, for all cases arising under the foregoing provisions, to which they purport to be adapted; and the costs to be taxed and allowed for libel, shall be 50c; for entering the same, 30c; for trying the same, \$1; for a monition, 50c; for posting notices and return, \$1; order to restore or deliver, 25c; executing the order, 50c; and 10c per mile for all necessary travel.
