Be it enacted by the People of the State of Maine, as follows:

'Sec. 2-A. Expenditures to match federal funds for construction or repair of airports. The Maine aeronautics commission is hereby authorized and empowered, upon the approval of the governor and council, to expend from the aeronautical funds necessary sums of money to match municipal or federal funds for the construction or repair of airports within the state of Maine, said state expenditures to be limited to the sum of \$3,000 per municipality and per project.
