STATEMENT OF FACTS

These parcels include those delinquent tax lands which were reported to the 93rd legislature and which have not yet been disposed of, as well as properties acquired by the state through tax delinquency since 1946. All are included in the "Report of State Owned Delinquent Tax Lands" made to the 94th legislature. It is recommended that these properties be sold to the highest bidder in order to recover taxes, costs and interest and to place the properties back into taxation.
