House of Representatives, April 11, 1951.

Reported by House Committee on Ways and Means and printed under
Joint Rules No. 10.

STATE OF MAINE

IN THE YEAR OF OUR LORD NINETEEN HUNDRED
FIFTY-ONE

**AN ACT to Appropriate Monies for the Expenditures of State Government
and for Other Purposes for the Fiscal Years Ending June 30, 1952, and
June 30, 1953.**

Emergency preamble. Whereas, acts and resolves passed by the legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

Whereas, the said 90-day period will not terminate until after the beginning of the next fiscal year; and

Whereas, certain obligations and expenses incident to the operation of departments and institutions will become due and payable on or immediately after July 1, 1951; and

Whereas, in the judgment of the legislature these facts create an emergency within the meaning of the constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now therefore,

Be it enacted by the People of the State of Maine, as follows:

Appropriations for necessary expenditures of government. In order to provide for the necessary expenditures of government and for other purposes for the next two fiscal years—from July 1, 1951, to June 30, 1952, and from July 1, 1952, to June 30, 1953—the following sums or as much

thereof as shall severally be found necessary, as designated in the following tabulations, are hereby appropriated out of any monies in the general fund not otherwise appropriated. Upon receipt of allotments duly approved by the governor and council based upon work programs submitted to the commissioner of finance, the state controller shall authorize expenditures of these appropriations and revenues accruing thereto, together with expenditures for other purposes necessary to the conduct of state government on the basis of such allotments and not otherwise.

And be it further provided that the controller be authorized to close his books as soon as practicable after the close of the fiscal years ending June 30, 1952, and June 30, 1953. Any bills presented after those dates may be paid from appropriations for the ensuing year on recommendation of the controller if within the amounts of approved allotments.

Whenever it appears to the commissioner of finance that the anticipated income of the state will not be sufficient to meet the expenditures authorized by the legislature he shall so report to the governor and council and they may curtail allotments so that expenditures will not exceed the anticipated income.

At the end of each fiscal year of the biennium all unencumbered appropriation balances representing state monies, except those that carry forward as provided by law, shall be lapsed to unappropriated surplus as provided by section 23, of chapter 14, of the revised statutes of 1944. At the end of each fiscal year of the biennium all encumbered appropriation balances shall be carried forward to the next fiscal year, but in no event shall encumbered appropriations balances be carried more than once.

There shall be paid from the highway fund the cost of accounting, auditing, purchasing and legal services furnished from the general fund appropriations. This revenue shall credit to the general fund.
