STATE OF MAINE

IN THE YEAR OF OUR LORD NINETEEN HUNDRED
FIFTY-NINE

RESOLVE, Providing Funds for Supervisors of Practical Nursing.

Supervisors of practical nursing; appropriation. Resolved: That there be, and hereby is, appropriated from the Unappropriated Surplus of the General Fund the sum of \$11,000 for the fiscal year ending June 30, 1960, and \$20,000 for the fiscal year ending June 30, 1961, to the Department of Education for the the employment of clinical supervisors in schools for practical nursing as established by public laws 1957, chapter 36, section 1.

STATE OF FACTS

There is, this year, about \$9,000 which if matched, or overmatched with state funds, could be made available for use of salaries for clinical supervisors' personnel. The average salary of such persons is approximately \$4,000 per year, and since there are 5 such persons, a total of at least \$20,000 would have to be provided for the purpose. This means that any resolve presented to the Legislature would have to have the amount of \$11,000 mentioned therein. If a long range continuing program and if a third school is established, it would mean for the second year an additional sum of \$20,000 would have to be asked for. At least \$11,000 for the fiscal year ending June 30, 1960 would have to be had and \$20,000 for the fiscal year ending June 30, 1961. Total request is of \$31,000.
