#### **AN ACT Providing for Completing the Wings of Boardman Hall at the University of Maine in Orono.**

---

Be it enacted by the People of the State of Maine, as follows:

**Sec. 1. Wings of Boardman Hall, completion of.** The University of Maine is authorized to complete the wings of Boardman Hall.

**Sec. 2. Appropriation.** There is hereby appropriated to the University of Maine the sum of \$227,400 from the Unappropriated Surplus of the General Fund to carry out the provisions of this act.

#### STATEMENT OF FACTS

1. Boardman Hall, when constructed in 1950, was left incomplete because of lack of funds. The north wing was left at 2 stories and the south wing at one story.

2. Completing the wings will add about 8600 square feet of floor space to the building.

3. Additional space is badly needed to provide for the increasing enrollment in civil engineering (including geology and sanitary engineering) and mechanical engineering. Failure to complete these wings may very well limit enrollment in these courses.
