AN ACT Appropriating Moneys to Maine Port Authority for a Survey at Long Island Plantation.

Emergency preamble. Whereas, acts of the Legislature do not become effective until 90 days after adjournment of the Legislature unless enacted as emergencies; and

Whereas, ferry service to Long Island Plantation was approved by the people of Maine on October 12, 1959; and

Whereas, in order to carry out the mandate of the people a survey should be made looking toward the furnishing of such ferry service to Long Island Plantation; and

Whereas, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

Be it enacted by the People of the State of Maine, as follows:

Appropriation. There is appropriated from the General Fund for the fiscal year ending June 30, 1960 the sum of \$10,000 to the Maine Port Authority for a survey for a lift, dock facilities or other facilities at Long Island Plantation for ferry service operations. Such survey shall study the engineering and economic aspects of the ferry service to Long Island Plantation with the objective of determining the feasibility and need of such services and facilities at Long

Island Plantation. The results of the survey shall be reported to the next regular session of the Legislature along with the conclusions as the facts so developed may indicate to the end that the 100th Legislature may be reasonably informed on the question of whether or not a lift, dock facilities or other facilities at Long Island Plantation are feasible. Such survey shall include engineering plans for the facilities deemed necessary.

Any balance of this appropriation shall not lapse but shall remain a continuing carrying account until June 30, 1961.

Emergency clause. In view of the emergency cited in the preamble, this act shall take effect when approved.
