Chapter 193.

An Act creating the Maine Forestry District, and providing for protection against forest fires therein.

Whereas, the forests situated mainly in the plantations and unorganized townships are one of the chief sources of wealth of the state, and the protection of such forests from destruction by fire is of the greatest importance; to this end it is a paramount duty of this legislature to have funds provided without delay for such protection. Delay in the providing of such funds would expose such forests to danger of destruction by fires, preventable by adequate precautions. In the judgment of this legislature, the facts expressed in the above preamble constitute an emergency, and the measure hereinafter set forth is immediately necessary for the preservation of the public safety: therefore,

Statement.

Be it enacted by the People of the State of Maine, as follows:
