Section 1. Section two of chapter two hundred and fifty of the public laws of nineteen hundred and nine is hereby amended, by substituting for said section two the following:

‘Section 2. All fees, or other income which may become due and payable to any institution, department, board or commission of the state, from whatever source accruing, shall be paid by the official receiving the same, directly to the treasurer of state, provided however that this provision shall not apply to any educational institution. A detailed statement of the source and amount of such fees or such income shall be filed with the state auditor at the time such fees or income are paid to the treasurer of state and such payment shall be made and such statement thereof shall be filed at the end of each calendar month.

‘All bills of any institution of the state shall be paid by the treasurer of the state to whom due and payable, on warrant approved by the governor and council, after proper vouchers therefor have been approved by the proper official of the institution or department contracting the same and audited by the state auditor who may in his discretion make advance on the treasurer of the state of Maine of such sum as he may think necessary not to exceed two thousand dollars at any one time to any institution of the state needing the same.

‘The crediting of fees or other income accruing to state institutions except educational institutions, and the payment of bills of such institutions shall be under such regulations as the state auditor may prescribe.’

Section 2. All acts and parts of acts inconsistent with this act are hereby repealed.
