'Section 89. No foreign corporation, or any agent or representative thereof, shall offer to sell, sell or negotiate in this State, any bonds, mortgages, notes or other choses in action, issued, indorsed or guaranteed by it, unless it first obtains a license therefor from the Bank Examiner. Before receiving such license it shall furnish the Examiner a detailed statement of its condition, which statement shall clearly describe the various classes of its assets and liabilities and shall be sworn to by either its president, treasurer or secretary, and certified to be correct by at least two of its directors. Said statement shall in all particulars be as full as the Examiner may require. Upon receiving such statement the Bank Examiner may grant a license authorizing such corporation to conduct its business in this State subject to its laws until the first day of the next December, and such license may be renewed annually thereafter so long as the Bank Examiner regards the corporation responsible and safe, but in all cases to terminate on the first day of the succeeding December. Provided, further, that in addition to said statement the Bank Commissioner may make or cause to be made all necessary investigations so as to satisfy himself of the condition of the corporation so making application, and the person or persons making such investigation and report may charge and collect in addition to any compensation now provided by law for their regular official duties, a reasonable compensation for such services and all expenses attendant thereon,

the same to be paid by the corporation making application for license, whether such corporation be licensed or not.
