## FOREWORD TO CROSS REFERENCE TABLES

These tables purport to show what sections of the statutes and public laws have been affected by the public laws passed since the 1930 Revision.

They are cumulative; showing the 1931 changes in one column and the 1933 changes in another. The 1931 table is absolutely accurate as it is made up from the revised set-up of the statutes. It is still incomplete in regard to the changes made by the Code as it will take 2 or 3 more sessions of the legislature to complete the clerical work of the revision.

Chapters 1 and 2 of the public laws of 1933 were revision bills changing the wording and arrangement of the statutes to correspond with the intent and effect of the Code upon the law relating to health and welfare and sea and shore fisheries. The old law had been so affected that it was necessary to repeal it and re-write the whole set-up. As the new re-write had not become law, acts of the 86th legislature amending health and welfare and sea and shore fisheries law had to be drawn to amend the old law. Actually they were amendments of the new public laws which were passed at the same session.

The location in the revision of the section affected will be indicated in the column designated "New Reference". Any of the 1933 laws that are inconsistent with the provisions of chapter 1 or 2 supersede them to the extent of their inconsistency.

The allocation of new section numbers in the statutes for the 1933 laws is only temporary, but shows their probable location.

An extra table has been made showing the sources of the law in the revisions.

SMITH DUNNACK,  
Revisor of Statutes.
