**Sec. 2. Source of supply; authorized to construct and maintain dams, reservoirs, etc.** Said company, for said purposes, may retain, collect, take, store, use and distribute water from any springs, except such springs as are in actual use for domestic purposes, ponds, streams, or other water sources, in said Harrison, and may locate, construct and maintain cribs, reservoirs, aqueducts, gates, pipes, hydrants and all other necessary structures therefor.

**Sec. 3. Authorized to lay pipes through public ways, and to make repairs; responsibility for damages.** Said company is hereby authorized to lay, construct and maintain in, under, through, along and across the highways, ways, streets, railroads and bridges in said town, and to take up, replace and repair all such sluices, aqueducts, pipes, hydrants and structures as may be necessary for the purposes of its incorporation, so as not to unreasonably obstruct the same, under such reasonable restrictions as the selectmen of said town may impose. It shall be responsible for all damages to persons and property occasioned by the use of such highways, ways, and streets, and further shall be liable to pay to said town all sums recovered against said town for damages for obstruction caused by said company, and for all expenses, including reasonable counsel fees in defending such suits, with interest on the same, provided said company shall have notice of such suits and opportunity to defend the same.
