## CHAP. 88

**Sec. 3. Creation of pension commission.** A pension commission hereby is created for the administration of the provisions of this act, and shall consist of the following members, the mayor, the city treasurer, one member to be selected by the members of the police department, one member to be selected by the members of the fire department, and one other member to be chosen by the other aforesaid members. As soon as possible after the determination of the selection or choosing of a member notice of its action shall be filed with the city clerk by the body so choosing. The mayor and city treasurer shall serve during their respective terms of office; the members representing the police and fire departments, and the fifth member shall serve for a period of 5 years from the date that notice thereof has been filed with the city clerk. All members shall serve without salary. The pension commission herein established shall have complete jurisdiction in the setting up and in the administration of the pension fund and in the drafting of such rules and regulations as may be necessary to make effective the operation of this system, subject however to the limitations of this act.

**Sec. 4. Eligibility. 1.** When any regular member of either the said fire or police departments, including the department chiefs of both said departments, shall have arrived at the age of 65 years, he shall be deemed to be incapacitated for further useful service in said departments, and his honorable discharge shall be given him by the city council upon receipt of a proper certificate from said pension commission whereupon he shall automatically become eligible for all the benefits of said pension, if said member has complied with the rule set forth in section 6.

2. When any regular member of the said police department including the department chief shall have arrived at the age of 60 years or shall have served 25 years in said department, he may petition for the benefits of this act, and his honorable discharge shall be given him by the city council upon receipt of a proper certificate from said pension commission whereupon he shall automatically become eligible for all benefits of said pension.

**Sec. 5. Amount of pension.** Said pension shall be equal, at any given time, to  $\frac{2}{3}$  the regular salary at that time received by the members of the said respective departments serving in the same capacity as the pensioner was serving at the time he was retired; all pension payments made under the provisions of this section shall be automatically increased or diminished in amount as increases or reductions in the daily pay are allowed by the city council to the regular members of the said respective departments.
