NINTH

Biennial Revision

OF THE

INLAND FISH AND GAME LAWS

Being chapter 33 of the revised statutes of 1944, as amended by the public laws of 1945 and 1947; compiled by the Revisor of Statutes in accordance with the provisions of chapter 374 of the public laws of 1945.

(Effective August 13, 1947)

FOREWORD

The revision of chapter 33 of the revised statutes of 1944 (chapter 38 of the revised statutes of 1930) is compiled and issued in accordance with the provisions of chapter 374 of the public laws of 1945.

A new revision of such chapter 33 was passed by the 92nd legislature by chapter 374 of the public laws of 1945 and was incorporated into the eighth biennial revision of the inland fish and game laws. This ninth revision retains the same section numbers as those in the eighth revision and all new sections enacted by the public laws of 1947 were given new numbers. Former sections or portions thereof which were repealed have been noted accordingly. It is hoped that this method of revision may be continued in the future to prevent confusion in each biennial revision.

SAMUEL H. SLOSBERG,
Revisor of Statutes.

A commissioner of inland fisheries and game, and a deputy, recommended in writing by him, shall be appointed by the governor with the advice and consent of the council, the commissioner to hold office for 3 years, and the deputy during the pleasure of the commissioner recommending him; and each shall serve until his successor is appointed and qualified. The commissioner shall make a report to the governor on or before the 30th day of June of each year, for the year ending December 31st prior thereto.

The commissioner shall receive an annual salary of \$6,000 and he shall also receive all necessary traveling expenses.

Sec. 2. Duties and office; sale of confiscated arms and ammunition. The commissioner of inland fisheries and game, hereinafter designated as "the commissioner," shall have general supervision of the administration and enforcement of the inland fish and game laws. Under his direction his deputy shall assist him in the performance of his duties, particularly in field work and including the inspection of hatcheries and similar property, and in supervision of wardens and inspection of warden service. The commissioner shall have an office at the state capitol and adequate facilities for the transaction of the business of his department which shall be known as

the department of inland fisheries and game, hereinafter designated as "the department."

The commissioner is authorized to sell all arms and ammunition held or confiscated by the state for violation of laws relating to the protection of inland fish and game. He shall transmit all moneys received by such sales forthwith to the treasurer of state to be credited to the department.

See P. L. 1947, c. 390, re state owned cars.

Sec. 3. Advisory council; appointment; terms; salary; expenses; meetings. The governor, with the advice and consent of his council, shall appoint an advisory council, consisting of 7 members, chosen one from each of the councilor districts. Appointment shall be for the terms of 6 years and until successors are appointed and qualified. Upon the death, resignation, or removal from office of any person so appointed, the governor, with the advice and consent of his council, shall appoint a member to serve for the unexpired term. The members of the advisory council shall receive no compensation for their services, but said council shall be allowed actual expenses not to exceed \$500 for each fiscal year. The council shall render to the commissioner information and advice concerning the administration of the department. The council shall hold regular meetings with the commissioner or his deputy at the state capitol on the 1st Thursday of January and July, annually, and special meetings at such other times and places within the state as would seem advisable. At the meeting held on the 1st Thursday of January of each year, the council may elect one of its members as chairman and one as vice-chairman.

Sec. 4. Care and maintenance of state museum. The department of inland fisheries and game shall have the care and maintenance of the state museum.

Sec. 5. Rules and regulations; how issued. Whenever any existing conditions adversely affect the fish in waters in any part of the state, the commissioner, with the advice and approval of the advisory council, shall make such regulations as may be deemed remedial of any such adverse conditions, in the manner hereinafter provided:

Petitions stating the conditions affecting the fish and the regulations which are desired as a remedy may be addressed to the commissioner, by a majority of the municipal officers or 25 citizens of the municipality in which the waters exist; or if the waters are in an unorganized territory, by a majority of the county commissioners of the county in which said waters exist; or the commissioner may investigate the conditions adversely affecting the fish in any waters in any part of the state. This petition shall be filed in the office of the commissioner before the 1st day of September of each year.

Hearing shall be held in the several counties during the period from

September 15th to December 14th, inclusive, of the year in which said petition has been filed, before the commissioner or such subordinate officer of the department of inland fisheries and game as the commissioner may designate, at a date and place to be designated by the commissioner.

Notice of the hearings to be held and the time and place thereof shall be by publication once a week for 2 successive weeks prior to the hearing in a newspaper published in the county where said hearing is to be held, and if no paper is published there, in a newspaper having statewide circulation.

After hearing pursuant to the petitions filed, the commissioner, with the advice and approval of the advisory council, shall make such regulations as may be deemed remedial of any adverse conditions proven to exist at the time of said hearing, such regulations to become effective on January 1st of the year next following the date of the petition. The commissioner shall cause the regulations to be reduced to writing, and publish the same once a week for 2 successive weeks in a newspaper published in the county where the waters are situated and which are affected thereby, or if no paper is published there, in a newspaper having statewide circulation, the last publication being prior to January 1st, following the date of the petition. The commissioner shall file a certified copy of said regulations with the secretary of state and with the clerk of the superior court of the county in which the waters affected thereby are situated.

If an unusually large concentration of fishermen should occur on any one of the waters in this state, so that the supply of fish in those waters might be depleted, the commissioner may declare an emergency and order a hearing held at a time and place to be designated by him, and shall cause notice thereof to be published at least 5 days prior to the hearing in a newspaper published in the county where the water is situated, and if no newspaper is published in that county, then the notice shall appear in a newspaper having statewide circulation. After the hearing, the commissioner may promulgate regulations providing for the times, number, weight and manner in which fish may be taken from such waters. He shall reduce the regulation to writing and provide for the expiration date thereof, and shall cause notice of the same to be published, the regulations to take effect upon the day following the publication thereof. A certified copy of the regulations shall be filed with the secretary of state and with the clerk of the superior court in the county in which the water is situated.

Whoever violates any provisions of this section or any rule or regulation issued under the provisions of this chapter shall be penalized under the provisions of section 119.

Sec. 6. Commissioner may continue rules and regulations; penalty for violation thereof. All rules and regulations of the commissioner now in effect or hereafter promulgated shall remain in force until changed by further rules and regulations of said commissioner or by the legislature.

Whoever violates any provision of any rule or regulation of the commissioner promulgated by virtue of this chapter shall be subject to the penalties provided in section 119.

Sec. 7. Rules and regulations for cusk. If, in the judgment of the commissioner and the advisory council, the supply of fish in any inland waters of the state is apt to be depleted by a large and unusual concentration of cusk, the commissioner may make such rules and regulations to fish for or catch cusk as may be necessary, in accordance with the provisions of section 5.

Sec. 8. Penalty for wilful defacement of notice of commissioner. Whoever wilfully mutilates, defaces, or destroys any notice, rule or regulation of the commissioner, posted in conformity with the provisions of this chapter, shall be punished by a fine of not more than \$50.

Sec. 9. Commissioner shall furnish sufficient copies of fish and game laws for the use of town clerks and agents. The commissioner is authorized to keep on hand at all times sufficient copies of the inland fish and game laws to furnish to all town clerks or agents authorized to issue licenses so that they shall have copies available to issue with every license.

Fishways. Dams.

Sec. 10. Construction of fishways and repairs thereto; appeals; fishway patrol. Whenever the commissioner shall deem it expedient, he may require a fishway to be provided, erected, maintained, repaired or altered by the owners or occupants of any dam or other artificial obstruction above tidewater in any inland waters frequented by salmon, landlocked salmon, shad, alewives, or other migratory fish, in the manner hereinafter provided:

Fourteen days' written notice of hearing shall be given to one or more of the owners or occupants of any dam or obstruction.

Hearing shall be held by the commissioner or such subordinate officer of the department as the commissioner may designate, at a time and place selected by the commissioner.

After hearing, the commissioner by written order may require the owners or occupants of said dam or obstruction to provide, erect, maintain, repair or alter a suitable fishway, and he shall further prescribe the time during which said fishway shall be kept open for the passage of fish, under such conditions as shall be specified in said written order. The commissioner may amend the order, changing the time during which said fishway shall be kept open. Certified copies of the orders and any amendments shall be mailed to the owners or occupants of said dam or obstruction.

If any owner or occupant neglects or refuses to join in proportion to

his interest therein, in erecting, maintaining, repairing or altering such fishway so ordered and required, the other owners or occupants shall so do and shall have an action on the case against such delinquents for their proportion of the expense thereof; and if all owners and occupants refuse or neglect to do so, the commissioner may so do and shall have an action on the case against all delinquents for their proportion of the expense thereof. Whenever delinquent owners or occupants as aforesaid reside out of the state, said amounts may be recovered as penalties by libel against said dam or obstruction and the land on which it stands, filed in the superior court in the county where said land is located, in the name of the commissioner, such notice to be given of the pendency thereof as the court in term time or vacation orders; and the court may render judgment therein against said dam, obstruction and lands for said penalties and costs and order a sale thereof to satisfy such judgment and costs, including costs of sale, subject, however, to all said requirements for the erection, maintenance and repair of said fishway.

Any owner or occupant may appeal to any justice of the superior court from any order of the commissioner by filing in the office of the clerk of the superior court in the county where said dam or other obstruction is located his notice in writing of such appeal containing the reasons therefor within 14 days after the mailing of the copy of said order to any owner or occupant of the premises as above provided. If any such appeal is denied, full costs may be taxed against the appellant.

The commissioner shall maintain a fishway patrol along the Penobscot river, northerly of the Bangor dam.

Sec. 10-A. Building of dams, regulated. 1947, c. 184. No person shall build any dam for purposes of holding a head of water for use in driving lumber, ties or pulpwood without first filing written notice with the commissioner of inland fisheries and game.

Fish and Game Culture. State Game Farms. Wild Animals in Captivity.

Sec. 11. Commissioner may set apart waters for certain periods of time for fish culture; may cause destruction of mink therein; may permit transportation of live game; may license breeders; may take fish and game for scientific purposes. The commissioner, after hearing pursuant to the provisions of section 5, may set apart for a term not exceeding 10 years any inland waters for the use of the state, or of the United States commissioner of fisheries, in the prosecution of the work of fish culture and scientific research relative to fish. The order setting apart such waters shall be recorded in the registry of deeds in the county or registry district in which they are situated. In the waters so set apart, the commissioner and the United States commissioner of fisheries and persons acting under their au-

thority in their respective fish culture and scientific work may take fish at any time or in any manner, and erect and maintain any fixtures necessary for such purposes. No other persons shall take or kill any fish, or use any implement for fishing, in such waters.

The commissioner may cause the destruction of any mink or other destructive animal or bird found in or around any fish hatchery or feeding station in this state.

The commissioner may grant permits to transport in and beyond the limits of the state live fish, wild animals, or game birds taken in the state, for breeding or advertising purposes.

The commissioner may take fish and game for scientific purposes, and may bring fish and game into the state or authorize the same to be done by others.

The commissioner may permit the taking of pickerel, perch and other fish in specified waters, subject to such conditions as he may prescribe, whenever it appears that said fish seriously injure the propagation of or the fishing for any game fish, after hearing pursuant to the provisions of section 5.

The commissioner may issue permits to any person, firm or corporation to engage in the business of propagating game birds, game, or wild animals under such regulations as he shall establish. He may issue to any person, firm, or corporation permit to fence in or enclose land for the above-named purpose. When it appears that such application is made in good faith, and upon the payment of an annual fee of \$5, said commissioner may issue to the applicant a breeder's license permitting the breeding and rearing of any species of game birds or wild animals within such enclosure. Such licensed breeders may at any time sell, transport, or kill and sell, and any licensed person, firm, or corporation, resident of the state of Maine, may purchase, have in possession, or transport any game birds, game, or fur-bearing animals, or the skins thereof, raised by virtue of the provisions of this section, under such regulations as said commissioner may establish. No person shall engage in the business of breeding or rearing any game birds or game or fur-bearing animals at any time without first having procured a breeder's license as provided in this section.

Every licensed game or fur farmer and every person authorized to take birds or wild animals or fish for scientific purposes shall, on or before the 31st day of December of each year, make detailed report to said commissioner of all they have done during the year by virtue of such license or permit, on blanks to be furnished by the said commissioner.

Sec. 12. State game farms established. The commissioner is hereby authorized to purchase suitable lands and erect buildings thereon within this state, necessary for the operation of state game farms for experimental

work in the propagation of game birds and game animals for restocking the woods and forests of the state, and to take game of any kind, dead or alive, or import the same, for the purposes of inspection, cultivation, propagation, distribution, or for scientific or other purposes deemed by him to be of interest to the game industry of this state.

Sec. 13. Keeping of wild animals in captivity prohibited; exceptions; fees; care and treatment. As used in this section, the following terms shall have the following meanings:

“Roadside menagerie.” Any place where one or more wild animals are kept in captivity, either in an enclosure or by tether, upon any street or highway, or upon land, public or private, in the vicinity of any commercial establishment, for the evident purpose of exhibition or attracting trade.

“Wild animal.” A wild animal is defined as a species of animal wild by nature, whether bred or reared in captivity, as distinguished from the common domestic animals.

It shall be unlawful for any person to keep any wild animal in captivity for exhibition, or the evident purpose of attracting trade, or to have any wild animal in his custody or control for such purpose, except that the commissioner may grant permits for a “roadside menagerie.” Applications therefor shall be made on forms prepared and furnished by the commissioner. The applications shall show the name and address of the applicant, the location or proposed location of the roadside menagerie, the approximate number and kinds of wild animals being or to be kept, space and method of housing, and confinement measures taken to protect the public from injury by any wild animal, and such further information as the commissioner shall prescribe. Each application shall be accompanied by a fee of \$50. The terms “exhibition” or “menagerie” will not include the showing of any animal in connection with any theatrical exhibition, circus or agricultural fair.

No permit shall be granted by the commissioner until he is satisfied that the provisions for housing and caring for the wild animals and for protecting the public are proper and adequate and in accordance with the standards therefor established by him.

All permits shall expire with the calendar year and may be revoked by the commissioner at any time prior thereto for failure to comply with the rules and regulations of the commissioner adopted pursuant to this section.

The commissioner is charged with the enforcement of the provisions of this section and shall adopt, publish and enforce rules and regulations for the housing, care, treatment, feeding and sanitation of wild animals kept in roadside menageries, and for the protection of the public from injury by such wild animals.

Each day during which a roadside menagerie is maintained without a permit shall constitute a separate offense.

Fish Hatcheries. Fish Screens. Reciprocity.

Sec. 14. Commissioner may take land for fish hatcheries or game management areas; appeal. The commissioner for the location, construction, maintenance and convenient operation of a game management area for game, fish hatchery or fish hatcheries and feeding stations for fish may acquire in the name of the state by gift, bequest or otherwise, real and personal property; or he may purchase, lease or take and hold, for and in behalf of the state as for public uses, land and all materials in and upon it or any rights necessary for the purpose of establishing, erecting and operating game management areas, fish hatcheries or feeding stations. When the commissioner finds that a public need requires the taking of any land or rights for the purpose aforesaid, he shall cause the same to be surveyed, located, and so described that the same can be identified, and a plan thereof shall be filed in the registry of deeds in the county or registry district where the land or rights are located, and there recorded. The filing of such plan and description shall vest the title to the land and right aforesaid in the state or its grantees, to be held during the pleasure of the state.

The owners of property, either real or personal, taken by the commissioner under the provisions of this section shall be entitled to damages equal to the reasonable value thereof, and in the event of a disagreement over the value, the reasonable value shall be determined by the county commissioners of the county in which the land is situated, upon the written application of any interested party. If any party in interest is aggrieved by the decision of the county commissioners rendered in conformity with the provisions of this section, an appeal may be made to the superior court of the county in the same manner as is provided when land is taken by the state for highway purposes.

Sec. 15. Federal fish culture recognized. The United States commissioner of fisheries and his duly authorized agents are hereby accorded the right to conduct fish culture operations and scientific investigations in the waters of this state in such manner and at such times as may be considered necessary and proper by the said commissioner and his agents.

Sec. 16. Commissioner to have authority over fish screens. The commissioner may authorize, alter, and remove the screening of any inland waters, and shall, upon application, make suitable provisions for the passage of logs, lumber and pulpwood in any floatable waters of the state so screened. The commissioner may prohibit fishing within 500 yards of any screen installed by authority of the department or the legislature. No person shall take up, destroy or injure any screen unless duly authorized by the commissioner.

Sec. 17. Reciprocal enforcement of violations in boundary waters.

Whenever a violation of the sea and shore fisheries laws or the inland fish and game laws of the state of New Hampshire or the state of Maine is committed or attempted to be committed by any person or persons fishing in any waters or portion thereof lying between the state of New Hampshire and the state of Maine, any warden or other person, who is authorized to make arrests for violations of the sea and shore fisheries laws and the inland fish and game laws of the state of New Hampshire, shall have power and authority to make arrests on any part of such waters between the state of New Hampshire and the state of Maine or the shores thereof and to take the person or persons so arrested for trial to the state in which the violation was committed and there to prosecute such person or persons according to the laws of such state.

Inland Fish and Game Wardens

Sec. 18. Inland fish and game wardens; appointment; powers and duties; tenure; service of processes. The commissioner shall appoint persons as inland fish and game wardens who shall have qualified under the rules established in the civil service code authorized under the provisions of sections 20 to 26, inclusive, who shall continue to hold office according to the provisions of the civil service code.

It shall be the duty of the inland fish and game wardens to enforce all laws relating to inland fisheries and game, and all rules and regulations pertaining thereto; to arrest all violators thereof, and to prosecute all offenses against the same.

The wardens shall have the authority to serve criminal processes on offenders of the law, and to arrest and prosecute camp trespassers, or persons committing larceny from any cottage, camp, or other building, and shall be allowed the same fees as sheriffs and their deputies, for like services (all such fees to be paid to the commissioner of inland fisheries and game) and the wardens shall have the same rights as sheriffs to require aid in executing the duties of their office. They may serve all processes pertaining to the enforcement of any provision of this chapter.

Sec. 18-A. Wardens to act as state fire wardens. 1945, c. 378, § 33. Inland fish and game wardens shall be and act as state fire wardens. They shall, while in and about the woods, caution all sportsmen of the danger from fires in the woods and extinguish all fires left burning by anyone, if within their power. They shall give notice to any and all parties interested, when possible, of fires raging and beyond their control, to the end that the same may be controlled and extinguished.

Sec. 19. Sheriffs, deputy sheriffs, police officers and constables to have powers of wardens; wardens not to hold other office. Sheriffs, deputy sheriffs, police officers and constables are vested with the powers of inland

fish and game wardens, and shall receive for similar services the same fees as those of inland fish and game wardens. Fish and game wardens appointed under the provisions of section 20 shall hold no other state, county, or town office from which they receive compensation.

Whenever it shall come to the attention of the commissioner of inland fisheries and game, or his deputy commissioner, that any person or persons known to have gone upon a hunting or fishing trip, or a trip for any other purpose, in the woodlands of the state and have not returned within a reasonable time after his or their departure, the commissioner of inland fisheries and game is hereby authorized to summon any person found within the state to assist in finding the lost person or persons, and each person so summoned shall be paid at a rate set by the said commissioner, with the approval of the governor and council, and be provided with subsistence during such service. The expenses of the commissioner in attempting to find lost persons shall be charged to the general funds.

Civil Service Commission

See c. 59, § 12-A (P. L. 1945, c. 360), re preference in state employment for veterans.

Sec. 20. Civil Service Commission provided for. The advisory council of the department of inland fisheries and game shall select 3 of its members to act as a civil service commission. The deputy commissioner with the approval of the commissioner shall prepare a written code for examinations for applicants for permanent employment in the warden and the hatchery service of the department. Such code shall not become operative until reduced to writing and approved in writing by the commissioner.

Sec. 21. Rules to be promulgated. The civil service commission shall prepare rules for the effective operation of sections 20 to 26, inclusive, which shall become effective when approved in writing by the commissioner.

Sec. 22. Rules; examinations; probationary employment; intoxicating liquors; age limit. The civil service rules shall provide and declare as follows:

I. The deputy commissioner, with the approval of the commissioner, shall prepare open and competitive examinations for testing the practical fitness of applicants for permanent employment in the warden and the hatchery service.

II. The applicant shall be graded according to the method adopted by the civil service commission for testing his capabilities and fitness for the service. No employment shall be considered as permanent until the employee shall have completed a probationary period of sufficient length to demonstrate to the commissioner his ability and fitness to discharge the duties of the service.

III. The habitual use of intoxicating liquor or drugs shall disqualify any person from being appointed or retained in the warden or the hatchery service of the department.

IV. The civil service commission is authorized to set the age limits within which original appointments to the warden and the hatchery service may be made.

Sec. 23. Examinations to be advertised. Notice of the time and the place of the examination shall be published in a paper having state wide circulation.

Sec. 24. Definition of rules and regulations; modifications. The words "rules" or "regulations" are used interchangeably throughout this chapter. These may be modified at any time by the civil service commission, but shall not become effective until approved in writing by the commissioner.

Sec. 25. Removal from service. No person in the game warden service or the fish hatchery service shall be dismissed or demoted except for such cause as would reduce the efficiency of the service. Any person being demoted or removed from the services mentioned herein shall be given a notice in writing, stating the reasons for the demotion or dismissal and shall be allowed a reasonable time, to be stipulated in the notice, for answering the same in writing. Copies of charges, notice of hearing, answer, reasons for removal or demotion, and the order of demotion or dismissal shall be made a part of the records of the department, and copies thereof shall be furnished to the person concerned if requested in writing. The civil service commission may provide for a tribunal made up of its members as a hearing board for cases arising under the provisions of this section. If no board has been created by the civil service commission, the hearings will be held by the commissioner or his deputy.

No hearing shall be required under the provisions of this section unless a written request is made within the time required for filing an answer in the notice. The notice may be made by mailing the same to the last known address of the employee in the service.

Sec. 26. All permanent employees to come under provisions of sections 20-26; present permanent employees to be retained. The provisions of sections 20 to 26, inclusive, shall apply to all permanent employees. All present permanent employees shall be considered as if appointed under the civil service provisions.

Guides

Sec. 27. Guides shall be registered by commissioner; must furnish such information as commissioner requires. No person shall engage in the business of guiding, either for inland fishing or forest or shore hunting,

until he has procured a certificate so to do from the commissioner. Each registered guide shall, from time to time, as often as requested by said commissioner, forward, on blanks furnished him by said commissioner, a statement of the number of persons he has guided during the time called for in said statement, the number of days he has been employed as a guide, and such other information relative to inland fish and game, forest fires, and the preservation of the forests in the localities where he has guided, as the commissioner may deem of importance to the state.

Sec. 28. Junior guides; requirements for; examining board. The commissioner shall appoint a board of 3 members, 1 member of which shall be a Maine camp director, who shall serve without compensation, to be known as the "Junior Guides Examining Board." Appointments to said board shall be for 3 years or until successors are appointed.

Said board shall hold such meetings as may be necessary and shall adopt rules and regulations establishing standards of requirements and methods of ascertaining fitness of candidates for registration as junior guides.

All candidates must be between the ages of 14 and 21 years and those who pass the required examinations shall be presented with appropriate certificates by the commissioner and may obtain a junior guide's license upon payment of a fee of 50 cents.

No junior guide may receive remuneration for services, or compete in any way with regular Maine guides.

Sec. 29. Applications for registration shall be made to the commissioner in writing; classification; fees; revocation of registration. 1947, c. 355, § 1. An applicant for registration as a guide shall apply in writing to the commissioner, setting forth in his application whether he desires to be registered as a Class A or Class B guide; and the commissioner may, upon sufficient proof as to his competency, register such persons as a Class A or Class B guide. No person shall be issued a Class A guide's certificate unless he is physically, mentally and morally capable of guiding and caring for a party anywhere in the forests or on the waters of the state and said commissioner may, at his discretion, promote or demote guides from one class to another.

A fee of \$7.50 shall be paid annually for the registration of a Class A guide and a fee of \$6 shall be paid annually for a Class B guide. Non-residents may be so licensed upon payment of a fee of \$50. Persons licensed under this section may hunt and fish by virtue of their guide's license.

Whenever a guide registered, as provided in this section, is charged with having violated any of the inland fish and game laws, the commissioner may suspend his certificate of registration.

Revisor's note: New fees effective January 1, 1948. See P. L. 1947, c. 355.

Sporting Camps

A sporting camp, under the provisions of this section, shall include any camp, lodge, or building regularly or temporarily open for hunting and fishing parties as distinguished from private dwellings, and which are situated in any of the unorganized townships in the state.

Every person maintaining a sporting camp within the territory described in the preceding paragraph, shall obtain a license from the commissioner each calendar year, and shall pay therefor a fee of \$5. The license shall not be issued unless the applicant files the written consent of the land owner or his agent upon whose property the sporting camp is located. The holder of each license issued under the provisions of this section shall report the number of residents and non-residents entertained in such camp, and shall furnish such other information relative to the natural resources of the state as the commissioner may require, and shall file the same on or before the 15th day of December of each calendar year.

A license shall only be issued to persons who have complied with the provisions of this chapter.

Any violation of any provision of this section shall be punishable by a fine of \$50 and costs.

The license shall authorize the person holding the same to use the ordinary commercial type of minnow trap or the ordinary commercial type of minnow seine not to exceed 4 feet in depth by 25 feet in length, in the taking of minnows and other unprotected fish commonly used for bait purposes.

If the magistrate finds the claimant entitled to no part of said articles so seized, he shall render judgment against him for the libelant for costs, to be taxed as in civil cases before such magistrate, and issue execution thereon, and shall declare said articles forfeited to the state. The claimant may appeal and shall recognize with sureties as on appeals in civil causes from a magistrate.
