Chapter 120

RESOLVE, in Favor of Sanford Armory Project.

Emergency preamble. Whereas, the National Guard units that have been organized in the Sanford-Springvale area have never been housed in an armory that was satisfactory from the training and property storage and control standpoint; and

Whereas, the unit strength in this area has always been consistently good; and

Whereas, the State Military Defense Commission placed this project on the #1 priority list, following the passing by the Congress of the Facilities and Construction Act; and

Whereas, the town of Sanford a short time ago deeded to the State an armory lot; and

Whereas, on January 6, 1955, at a special town meeting they took action to make available the sum of \$30,000 to support the armory construction when an equal amount became available from the State; and

Whereas, application has been made to the National Guard Bureau for a specific allocation of funds to support one unit of armory construction under the current formula; and

Whereas, in the judgment of the legislature, these facts create an emergency within the meaning of the constitution of Maine, and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore, be it

Sanford armory project; appropriation for. Resolved: That the sum of \$30,000 be, and hereby is, appropriated from the unappropriated surplus of the general fund for support of the construction of an armory in the town of Sanford, provided that a like sum be made available for such construction by the municipal officers of the town of Sanford.

Such sum shall be turned over to the State Military Defense Commission for the support of the Sanford armory project and that the fund be used along with federal funds allocated to the state per provisions of the Facilities and Construction Act, P. L. 783, 81st Congress, to accomplish the construction of at least the minimum requirements for a one unit armory.

The moneys appropriated by this resolve shall not lapse but shall remain a continuing carrying account until the purposes of this resolve have been accomplished.

Emergency clause. In view of the emergency cited in the preamble, this resolve shall take effect when approved.

Effective May 21, 1955

Chapter 121

RESOLVE, in Favor of Westbrook Armory Project.

Emergency preamble. Whereas, the National Guard unit at this location has never had an armory facility satisfactory for training and property storage purposes; and

Whereas, the State Military Defense Commission placed the Westbrook project in #1 priority following the passage by the Federal Congress of the Facilities and Construction Act; and

Whereas, the National Guard Bureau has allocated the funds in amount of \$112,500, and has programed this project for construction in 1955; and

Whereas, it is vitally necessary that this Resolve be immediately passed in order to use the allocated funds; and

Whereas, in the judgment of the legislature, these facts create an emergency within the meaning of the constitution of Maine, and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore, be it

Westbrook Armory Project; appropriation for. Such sum shall be turned over to the State Military Defense Commission for the support of the Westbrook armory project and that the fund be used along with federal funds allocated to the state per provisions of the Facilities and Construction Act, P. L. 783, 81st Congress, to accomplish the construction of at least the minimum requirements for a one unit armory.

The moneys appropriated by this resolve shall not lapse but shall remain a continuing carrying account until the purposes of this resolve have been accomplished.
