Either the resolution providing for the issuance of such bonds or such trust indenture may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the authority in relation to the acquisition of properties and the construction, maintenance, operation, repair and insurance of the recreation area project, and the custody, safeguarding and application of all moneys. It shall be lawful for any bank or trust company incorporated under the laws of this State to act as a depository of the proceeds of the bonds or revenues and to furnish such indemnity bonds or to pledge such securities as may be required by the authority. Such indenture may set forth the rights and the remedies of the bondholders and of the trustee and may restrict the individual right of action of the bondholders as is customary in trust indentures securing bonds and debentures of corporations. In addition to the foregoing, such trust indenture may contain such other provisions as the authority may deem reasonable and proper for the security of bondholders. All expenses incurred in carrying out such trust indenture may be treated as a part of the cost of maintenance, operation and repair of the recreation area project.

Sec. 8. Exemption from taxes. The Washington County Development Authority herein created, being a non-profit organization and the accomplishment by the authority of its authorized purpose as set forth in this act being for the benefit of the people of the State of Maine and their prosperity, in which accomplishment the authority will be performing essential governmental functions, the authority shall not be required to pay any taxes or assessments on any property acquired or accepted by it for the purposes provided in this act, nor shall the authority be required to pay any tax upon its income except as may be required by the laws of the United States of America, and the bonds or other securities

and obligations issued by the authority, their transfer and the income therefrom, including any profits made on the sale thereof, shall at all times be free from taxation within the State of Maine.

Sec. 9. Refunding bonds. The authority is hereby authorized to provide by resolution for the issuance of refunding bonds for the purpose of refunding any bonds issued under the provisions of this act and then outstanding. The issuance of such bonds, the maturities and other details thereof, the rights of holders thereof and the duties of the authority in respect to the same, shall be governed by the foregoing provisions of this act insofar as the same may be applicable, and by the following provisions:

(a) No refunding bonds shall be delivered unless delivered in exchange for revenue bonds to be refunded thereby, except in the amount necessary for the payment of matured or redeemable revenue bonds or bonds maturing or redeemable within 3 months, including any redemption premium thereon.

(b) No refunding bonds shall be issued unless issued to refund bonds which have matured or will mature within 3 months or unless the interest rate of the refunding bonds shall be at least $\frac{3}{4}$ of 1% less than the interest rate borne by the bonds to be refunded.

Sec. 10. Maintenance of the recreation area project.

(a) The recreation area project when finally completed, or any integral operating unit thereof, shall be maintained and repaired by and under the control of the authority. Such recreation area project shall be operated by such force of supervisors and other operating employees as the authority may in its discretion employ.

(b) The authority is hereby authorized to fix and to revise from time to time rates and charges for the services offered to the general public and charge and collect the same. Such rates and charges shall be so fixed and adjusted as to provide a fund at least sufficient with other revenues of the authority, if any, to pay (1) the cost of maintaining, repairing, and operating the recreation area project; and (2) the bonds and the interest thereon and all sinking fund requirements and other requirements provided by the resolution authorizing the issuance of the bonds or by the trust indenture, as the same shall become due.

(c) The rates and charges and all other revenues derived from the recreation area project, except such part thereof as may be required to pay the cost of constructing, maintaining, repairing and operating the recreation area project and to provide such reserves therefor as may be provided for in the resolution authorizing the issuance of the bonds or in the trust indenture, shall be set aside at such regular intervals as may be provided in such resolution or in such trust indenture, in a sinking fund which is pledged to, and charged with the payment of:

- (1) the interest upon such bonds as such interest shall fall due;
- (2) the principal of the bonds as the same shall fall due;
- (3) the necessary fiscal agency charges for paying principal and interest; and
- (4) any premiums upon bonds retired by call or purchase as herein provided.

The use and disposition of such sinking fund shall be subject to such regulations as may be provided in the resolution authorizing the issuance of such bonds or in the trust indenture, but except as may otherwise be provided in such resolution or trust indenture, such sinking fund shall be a fund for the benefit of all bonds issued hereunder without distinction or priority of one over another.

Sec. 11. Provisions in case of default on bonds. In the event that the authority shall make default in the payment of principal or interest on any of the bonds after the same shall fall due and such default shall continue for a period of 60 days or default in any agreement with the bondholders or the trustee under a trust indenture, the holders of 25% in aggregate principal amounts of the bonds then outstanding by instrument filed in the office of the Secretary of State duly acknowledged may appoint a trustee to represent the bondholders for the purpose herein provided, except to the extent the rights herein given may be restricted by the resolution passed before the issuance of the bonds or by the trust indenture. Such trustee may upon the written request of the holders of 25% in principal amount of the bonds then outstanding:

(1) by mandamus or other suit, action or proceeding at law or in equity enforce the rights of the bondholders;

(2) bring suit upon the bonds;

(3) enjoin any acts or other things which may be unlawful or in violation of the rights of the bondholders;

(4) by action or suit in equity require the authority to account as if it were trustee of an expressed trust for the bondholders. Such trustee to the extent that the authority could itself do, may enter and take possession of the facilities of the authority or any part thereof, the revenue or receipts from which are or may be applicable to the payment of the bonds so in default, and operate and maintain the same and collect and receive all revenue thereafter arising therefrom in the same manner as the authority might do, and shall deposit all such moneys in a separate account and apply the same in such manner as the court shall direct. In any suit, action or proceeding by the trustee, the fees, counsel fees and expenses of the trustee and the receiver, if any; and all costs and disbursements allowed by the court shall be a first charge on any revenues and receipts derived from the recreation area project, the revenues and receipts from which are or may be applicable to the payment of the bonds so in default. Such trustees shall in addition to the foregoing have and possess all the powers necessary and appropriate for the exercise of any functions specifically set forth herein or incident to the general representation of the bondholders in the enforcement and protection of their rights. In addition to other rights and limitations any bondholder shall have the right by mandamus or other suit, action or proceeding in law or in equity to enforce his rights against the authority including the right to require the authority to carry out any agreement or covenant and to perform its duties under this act.

Sec. 12. Interim certificates or temporary bonds. Prior to the issuance of the bonds hereunder the authority may issue interim certificates or temporary bonds in such manner and with such conditions as the authority may determine to be exchanged for such bonds when issued.

Sec. 13. Trust funds. All moneys received by the authority pursuant to the authority of this act, whether as proceeds from the sale of bonds or as

revenues, shall be deemed to be trust funds, to be held and applied solely as provided in this act.

Sec. 14. Saving clause. If any provision of this act or the application thereof to any person or circumstance is held invalid, the remainder of the act and the application of such provision to other persons or circumstances shall not be affected thereby.

Sec. 15. Governmental function. It is hereby declared that the purposes of this act are public and that the authority shall be regarded as performing a governmental function in the carrying out of the provisions of the act.

Sec. 16. Income from bonds; tax exempt. The income from bonds issued by the authority shall be exempt from taxation.
