Be it enacted by the People of the State of Maine, as follows:

R. S., c. 90-C, additional. The Revised Statutes are amended by adding a new chapter 90-C, to read as follows:

Chapter 90-C.

Federal Aid for Urban Renewal Projects.

Sec. 1. Purpose. The purpose of this chapter is to assist municipalities and their redevelopment authorities to obtain the additional federal capital grants for urban renewal projects which are available pursuant to Title I of the Housing Act of 1949, as amended, which establish, as local grants-in-aid for federally-assisted urban renewal projects being or to be undertaken by municipalities or their redevelopment authorities, the aggregate amount of expenditures made by an educational institution of higher learning directly or through a private redevelopment corporation, for land, buildings and structures located in areas adjacent to or in the immediate vicinity of federally assisted urban renewal projects if such land, buildings or structures are to be redeveloped or rehabilitated by such institution for educational uses in accordance with a development plan approved under State or local law after public hearing and found acceptable by the Housing and Home Finance Administrator after considering the standards specified in section 110(b) of Title I of the Housing Act of 1949, as amended; such additional federal capital grants being available in an amount equal to 2 or 3 times the aggregate amount of such expenditures.

Sec. 2. Preparation and approval of development plans. The governing body of any municipality is authorized to approve, after a public hearing thereon, a development plan proposed by any educational institution of higher learning located in such municipality, or by a private redevelopment corporation, for the redevelopment and renewal of an area, hereinafter referred to as a "project area" adjacent to or in the immediate vicinity of the location of principal buildings of such institution, or a major branch of such institution, where teaching or research is done or where students or faculty live, and the area of an urban renewal project, assisted under Title I of the Housing Act of 1949, as amended, which is being undertaken by such municipality or its redevelopment authority. Any state educational institution of higher learning or private redevelopment corporation is authorized to prepare such development plans. Any city may authorize any educational institution of higher learning established and maintained by such city to prepare such development plans.

Sec. 3. Public hearing. Prior to approving any development plan pursuant to section 2, the governing body of the municipality or its redevelopment authority shall hold a public hearing on such development plan, such public hearing to be held not less than 7 nor more than 14 days after notice of the time, place and purpose thereof shall have been published in a newspaper having general circulation in such municipality.

Sec. 4. Cooperation in carrying out approved development plan. If the governing body of a municipality approves a development plan for a project area, such municipality and its redevelopment authority may cooperate with the educational institution of higher learning or private redevelopment corpo-

ration in carrying out such approved development plan, and, for such purpose, may contract with such educational institution or private redevelopment corporation for the exercise of any of the powers of such municipality and its redevelopment authority. Any municipality or its redevelopment authority, and any state educational institution of higher learning, and, when so authorized by such city, any educational institution of higher learning established and maintained by any city, may do all things, and may take such actions, as may be necessary or desirable to assure that it obtains credit as a local grant-in-aid for the aggregate amount of expenditures made by any such educational institution or redevelopment corporation which would be eligible as such under Title I of the Housing Act of 1949, as amended.
