**Emergency preamble.** Whereas, acts of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

Whereas, to alleviate unemployment and stimulate employment the projects contemplated by this act could be started immediately before the beginning of the next fiscal year; and

Appropriations for necessary expenditures of State Government.** In order to provide for the necessary expenditures of State Government, the following sums or as much thereof as shall be found necessary, as designated in the following tabulations in both sections A and B, are hereby appropriated for improvements, renovations and repairs out of any moneys in the General Fund Unappropriated Surplus not otherwise appropriated. Upon receipt of allotments duly approved by the Governor and Council based upon work programs submitted to the Commissioner of Finance and Administration, the State Controller shall authorize expenditures of these appropriations and revenues accruing thereto, on the basis of such allotments and not otherwise.

Any balances at June 30, 1962 of any project in section A shall not lapse but shall be carried forward into the following year to be expended for the same purposes. Any balance at June 30, 1962 of any project in section B shall lapse. Any unencumbered balances at June 30, 1963 of any project in both sections A and B shall lapse unless sufficient evidence in the form of encumbrances is filed with the State Controller prior to June 30, 1963, showing that the project is in process, in which case all moneys appropriated to the project shall be carried to the following years to be expended for the same purpose until such project is completed, unless otherwise directed by the Legislature.
