**Sec. 9. Water rates; application of revenue; sinking fund.** Water rates shall be uniform for all classes of consumers within the district and shall be subject to approval of the Public Utilities Commission. Said rates shall be so established as to provide revenue for the following purposes:

I. To pay current expenses for operating and maintaining the water system, and provide for such extensions and renewals as may become necessary;

II. To provide for the payment of the interest on the indebtedness created by the district;

III. To provide each year a sum equal to not less than 1% nor more than 5% of the entire indebtedness created by the district, which sum shall be turned into a sinking fund and there kept to provide for the extinguishment of said indebtedness. The money set aside for the sinking fund shall be devoted to the retirement of the obligations of the district or invested in such securities as savings banks are allowed to hold. Provided, however, that the trustees may, in their discretion and in lieu of the establishment of a sinking fund, issue the bonds of the district so that not less than 1% of the amount of the bonds so issued shall mature and be retired each year;

IV. If any surplus remains at the end of the calendar year, it may be transferred to the sinking fund, or used for such other purposes of the district as the trustees may determine upon.

**Sec. 12. Authorized to acquire property and franchises of the Calais Water & Power Co.** Said water district is hereby authorized and empowered to acquire by purchase or by the exercise of the right of eminent domain, which right is hereby expressly delegated to said district for said purpose, part or all of the plant, properties, franchises, rights and privileges, except cash assets and accounts receivable, owned by the Calais Water & Power Company, including all lands, waters, water rights, structures, reservoirs, pipes, machinery, fixtures, hydrants, tools and all apparatus and appliances used or usable in supplying water by said Calais Water & Power Company. Said company is hereby authorized to transfer and convey its franchises and property to said water district.

**Sec. 13. Procedure in case trustees and water company fail to agree on terms of purchase.** In case said trustees fail to agree with said Calais Water & Power Company upon the terms of purchase of the above mentioned property, on or before July 1, 1962, said district, through its trustees, is hereby authorized to take said plant, property and franchises as for public use by petition therefor in the manner hereinafter provided. Said district, through its trustees, is hereby authorized on or before July 1, 1962, to file a petition in the clerk's office of the Superior Court for the County of Washington, in term time or in vacation, addressed to any justice of said court, who, after due notice to said Calais Water & Power Company and its mortgagee, shall, after hearing and within 30 days after the date at which said petition is returnable, appoint 3 disinterested appraisers, one of whom shall be learned in the law and none of whom shall be residents of Washington County, for the purpose of fixing a valuation of said plants, properties and franchises. At the hearing aforesaid, such justice, upon motion of the petitioner, may order the production and filing in court, for the inspection of the petitioner, of all books and papers pertinent to the issue and neces-

sary for a full understanding of the matter to be heard by said appraisers, the terms and conditions of so producing and filing such books and papers to be determined by the justice in his order therefor and to be endorsed from time to time as any Justice of the Superior Court, in term time or in vacation, upon motion of either party, may deem reasonable and proper in the premises. At such hearing, such justice, upon motion of the petitioner, may fix a time at which said water company shall file in the clerk's office of the Superior Court for the County of Washington for the inspection of the petitioner, so far as they relate to the service of the City of Calais, the following: First, schedule showing the names, residences and water service of all its customers on the first day of January, next preceding the date of filing the petition, with the rate charged therefor; 2nd, copies of all contracts in force on said first day of January; 3rd, an itemized statement of the gross income earned during its last complete fiscal year and up to said first day of January, and all operating expenses and fixed charges, paid or incurred during such period and property chargeable thereto; 4th, a memorandum of all real estate, water rights or interest therein, owned or controlled on said first day of January, with such brief description thereof as will reasonably identify the same; 5th, brief descriptions, specifications and plans of all reservoirs, mains, pipes, service pipes, hydrants, gates, gate boxes, shut-off boxes, fixtures and machinery and all the physical elements in such water system, giving in detail, quantities, sizes, and lengths, and specifying the streets, roads or ways where situated; and 6th, an itemized list of all tools, apparatus, appliances and supplies used or usable in supplying water on said first day of January.

Such orders may be enforced from time to time by any Justice of said Superior Court, in term time or in vacation, upon motion of any of the parties, as such justice may deem reasonable and proper in the premises. At such hearing the justice then sitting may, upon motion of the petitioner, make all such decrees as he deems reasonable and proper to enable the petitioner, through its servants and employees, to ascertain the true condition of the mains and pipes of the said water company, externally or internally, in the presence of the officers or agents of said water company, the entire expense thereof to be borne by said water district. The said appraisers shall have the power of compelling attendance of witnesses and the production of all books, accounts and papers pertinent to the issue and necessary for a full understanding by them of the matter in question and may administer oaths. Any witness or person in charge of such books, accounts and papers, refusing to attend or to produce the same, shall be subject to the same penalties and proceedings, so far as applicable, as witnesses summoned to attend the Superior Court. Depositions may be taken as in civil actions.

The appraisers so appointed shall, after notice and hearing, fix the valuation of said plant, property and franchises at what they are fairly and equitably worth, so that said water company shall receive just compensation for all and the same. The said first day of January, next preceding the date of the filing of the petition, shall be the date at which the valuation aforesaid shall be fixed, from which date interest on said award shall run, and all rents and profits accruing thereafter shall belong to said water district. The report of said appraisers, or a majority of them, shall be filed in the clerk's office, in term time or in vacation, as soon as may be after their appointment, and such single justice, or, in case of his inability to act, any justice of said court appointed by the Chief Justice of the Supreme Judicial Court, may, after notice and hearing, confirm or reject the same, or recommit it if justice so requires. Before a commission is issued to said appraisers, either party may ask for instructions to said appraisers, and all questions of law arising upon said requests for instructions, or upon any other matters in issue, may be reported to the Law Court for determination, be-

fore the appraisers proceed to fix the valuation of the property, plant and franchise of said company.

Upon the confirmation of said report, the court so sitting shall thereupon, after hearing, make final decree upon the entire matter, including the application of the purchase money and transfer of property, jurisdiction over which is hereby conferred, and with the power to enforce said decree as in equity cases. All findings of fact by said court shall be final, but any party aggrieved may take exceptions as to any ruling of law so made, the same to be accompanied by so much of the case as may be necessary to a clear understanding of the question raised thereby. Such exceptions shall be claimed on the docket within 10 days after such final decree is signed, entered and filed and notice thereof has been given to the parties or their counsel, and said exceptions so claimed shall be made up, allowed and filed within said time unless further time is granted by the court or by agreement of the parties. They shall be entered at the next term of the law court to be held after the filing and entry of said decree and there heard unless otherwise agreed; or the law court for good cause shall allow further time for hearing thereon. Before said plants, properties or franchises are transferred in accordance with such final decree, and before payment therefor as hereinafter provided, such justice shall, upon motion of either party after notice and hearing, take account of all receipts and expenditures properly had or incurred by the Calais Water & Power Company from and after said first day of January, and all net rents and profits accruing thereafter, and shall order the net balance to be added to or deducted from the amount to be paid under such final decree, as the case may be. All findings of fact by said justice at such hearing shall be final. On payment or tender by said district of the amount so determined and the performance of all the other terms and conditions imposed by the court, the plants, properties and franchises of the Calais Water & Power Company shall become vested in said water district. Either party may file and prosecute motions and petitions relating to the premises at any stage of the proceedings, and the proceedings shall not be discontinued except upon the consent of both parties.

**Sec. 14. Valid contracts of water company to be assumed by district.** All contracts now existing between the Calais Water & Power Company and any person or corporation for supplying water in the city of Calais and also in the Town of Milltown, New Brunswick, Canada, unless that portion of the properties and franchises of the Calais Water & Power Company are not acquired by said water district, shall be assumed and carried out by the Calais Water District.

**Sec. 15. Act void unless property of water company is acquired.** If said water district shall fail to purchase or file its petition to take by eminent domain, before July 1, 1962, as in this act provided, the plant, properties, franchises, rights and privileges owned by the Calais Water & Power Company, then this act shall become null and void, except that the corporate entity shall continue until all obligations and liabilities waived under the provisions of Section 7 have been settled in full or otherwise enforced pursuant to the provisions of said Section 7; and the provisions of said Section 7, for the enforcement of obligations and liabilities, shall continue applicable.

**Sec. 16. Costs and expenses of taking, directed by court.** All costs and expenses of the taking of the property of the Calais Water & Power Company arising under the provisions of this act shall be paid and borne as directed by the court in the final decree provided by Section 13.

**Sec. 17. Saving clause.** If any provisions of this act or the application thereof to any person or circumstance is held invalid, the remainder of the act and the application of such provision to other persons or circumstances shall not be affected thereby.

**Sec. 18. Existing statutes not affected; rights conferred subject to provisions of law.** Nothing herein contained is intended to repeal, or shall be construed as repealing, the whole or any part of any existing statutes and the rights and duties herein mentioned shall be exercised and performed in accordance with all the applicable provisions of the Revised Statutes, chapter 44, and all acts amendatory or additional thereto.

**Referendum; effective date; certificate to Secretary of State.** This act shall take effect 90 days after adjournment of the Legislature, only for the purpose of permitting its submission to the legal voters of the City of Calais at any regular or special election called and held for the purpose within 2 years after the adjournment of the Legislature. Such special election shall be called, advertised and conducted according to the law relating to municipal elections; provided that the board of registration in the City of Calais shall not be required to prepare for posting, nor the city clerk to post, a new list of voters; and for the purpose of registration of voters said board shall be in session the 3 secular days next preceding such election, the first 2 days thereof to be devoted to the registration of voters and the last day to enable the board to verify the corrections of said lists and to complete and close up its records of said sessions. A check list shall be used at such election.

The city clerk shall prepare the required ballots, on which he shall reduce the subject matter of this act to the following question: "Shall the Act to Incorporate the Calais Water District, passed by the 100th Legislature, be accepted?" The voters shall indicate by a cross or check mark placed against the words "Yes" or "No" their opinion of the same.

This act shall take effect for all purposes hereof immediately upon its acceptance by a majority of the legal voters voting at such election; but only if the total number of votes cast for and against the acceptance of this act at said election equals or exceeds 20% of the total vote for all candidates for Governor cast in said city at the next previous gubernatorial election.

The result of such election shall be declared by the municipal officers of the City of Calais and due certificate thereof shall be filed by the city clerk with the Secretary of State.
