PUBLIC LAWS  
OF THE  
STATE OF MAINE

As Passed by the One Hundred and First Legislature

1963

IV. Tax moneys for installment. A municipality may appropriate tax moneys to the payment of any annual installment and interest in order to prevent a default, provided that no municipality shall pledge such appropriations as part of the bond indenture nor shall any civil action lie to require such payment. The intent of this provision is to make such appropriation solely dependent on the discretion of the municipality.

V. Receiver. If there is any default in the payment of interest or amortization of principal, any court having jurisdiction may, in a proper action, appoint a receiver to do the following under its direction:

- A. Operate the facility for the municipality.
- B. Fix rates and collect money sufficient to provide for the payment of operating expenses and outstanding obligations of the facility.
- C. Apply the money received, after payment of operating expenses, to outstanding obligations with any surplus placed in the reserve fund.

VI. Reserve fund. The municipal officers may establish a reserve fund with a capital improvement account and a sinking fund account for the revenue-producing facility.

- A. Total funds in the capital improvement account may not exceed  $\frac{1}{2}$  the actual cost of the revenue-producing municipal facility or  $\frac{1}{2}$  of the estimated construction or reconstruction cost, whichever is greater.
- B. Annual contributions to the capital improvement account may not exceed 2½% of the actual costs or estimated costs under paragraph A.
- C. Sinking fund account balances shall be transferred to the capital improvement account.'

Effective September 21, 1963
