every square foot of grate area, or equivalent, in excess of 10 square feet or equivalent. In cases of a specially designed boiler of steel construction, except miniature boilers, wherein no grate area exists, the board is authorized to set the fee for the certificate inspection of such boilers, on the basis of the maximum boiler horsepower that can be generated by such boilers. For the certificate inspection of a miniature boiler, which shall be an internal and external inspection while such boiler is not under pressure, the fee shall be \$5. For the external inspection of a boiler while under this subchapter, while operation conditions under pressure or in service, the fee shall be \$4. For the inspection of a miniature boiler, the fee shall be \$3. For a hydrostatic test of any boiler, except miniature boilers, a fee of \$10 shall be charged in addition to the inspection fees provided for in this section. Not more than \$25 shall be collected for such the inspection of any one boiler made for in any one year exclusive of the fee for hydrostatic test, unless additional inspections are required by the owners or users of the same boiler or unless the boiler has been inspected and an inspection certificate has been refused, withheld or withdrawn, or unless an additional inspection is required because of the change of location of a stationary boiler. The type nature and size of the miniature boiler boilers to be inspected shall be determined by the Board of Boiler Rules. The inspector shall give receipts for said all fees collected and shall pay all sums so received to the chief boiler inspector, who shall pay the same to the commissioner, who shall turn same over to the Treasurer of State to be credited to the General Fund.'

Chapter 212

AN ACT to Clarify the Civil Defense Powers of the Governor.

Be it enacted by the People of the State of Maine, as follows:

Sec. 1. R. S., T. 25, § 303, sub-§ 1, amended. The last sentence of subsection 1 of section 303 of Title 25 of the Revised Statutes is amended to read as follows:

'These functions include, without limitation, fire fighting services, police services, medical and health services, rescue, engineering, air raid warning services, communications, radiological, chemical and other special weapons defense, evacuation of persons from stricken areas, emergency welfare services (civilian war aid), economic stabilization, emergency transportation, existing or properly assigned functions of plant protection and other functions related to civilian protection, together with all other activities necessary or incidental to the preparation for and carrying out of the foregoing functions.'

Sec. 2. R. S., T. 25, § 307, sub-§ 4, amended. Subsection 4 of section 307 of Title 25 of the Revised Statutes is amended to read as follows:

'4. **Studies and surveys.** To conduct such studies and surveys and to take such inventories of the industries, resources and facilities of this State as may be necessary to ascertain the capabilities of the State for civil defense and public safety, and to plan for the most efficient emergency use thereof, including emergency economic controls to insure adequate production and equitable distribution of essential commodities;'
