ACTS AND RESOLVES

AS PASSED BY THE

One Hundred and Third Legislature

OF THE

STATE OF MAINE

Published by the Director of Legislative Research in accordance with
the Revised Statutes of 1964, Title 3, Section 164, Subsection 6.

KENNEBEC JOURNAL

AUGUSTA, MAINE

1967

PUBLIC LAWS
OF THE
STATE OF MAINE
AS PASSED BY THE
One Hundred and Third Legislature
1967

The treasurer of each county shall pay to the treasurer of the Law Library Association of his county all money received from persons admitted upon motion to practice in courts of record as attorneys without a certificate from the Board of Examiners of Applicants for Admission to the Bar.

The treasurer of each Law Library Association shall account to the county commissioners of his county for all receipts and disbursements made under this section.

Effective October 7, 1967

Chapter 261

AN ACT to Clarify the Organization of the Department of Health and Welfare.

Be it enacted by the People of the State of Maine, as follows:

Sec. 1. R. S., T. 22, § 1, amended. The first paragraph of section 1 of Title 22 of the Revised Statutes is amended to read as follows:

The Department of Health and Welfare, as heretofore established and hereinafter in this Title called the "department" shall consist of ~~2 bureaus, as follows: The Bureau of Health and the Bureau of Social Welfare, the heads of which shall be called "directors"~~ such bureaus and divisions as may be required to carry out the work of the department.

Sec. 2. R. S., T. 22, § 1, amended. The 3rd sentence of the 2nd paragraph of section 1 of Title 22 of the Revised Statutes is amended to read as follows:

He may employ such bureau ~~chiefs and division heads~~, deputies, assistants and employees, subject to the Personnel Law, as may be necessary to carry out the work of the department; and they shall be under the immediate supervision, direction and control of the commissioner.

Sec. 3. R. S., T. 22, § 1, amended. The last 3 paragraphs of section 1 of Title 22 of the Revised Statutes are repealed.

Effective October 7, 1967

Chapter 262

AN ACT to Revise Utility Location Permits in Public Highways.

Be it enacted by the People of the State of Maine, as follows:

Sec. 1. R. S., T. 35, § 2306, amended. Section 2306 of Title 35 of the Revised Statutes is amended by adding before the last paragraph, a new paragraph, as follows:

In addition to the foregoing, such corporations and cooperatives organized under chapters 221 to 227 shall have the right to take and hold by right of

eminent domain such land or easements as may be necessary for the proper location of their distribution lines and the necessary appurtenances thereto, but only where such corporations or cooperatives shall have had a prior right to locate their distribution lines and necessary appurtenances thereto in the right-of-way limits of any public way and the body having jurisdiction over said public way has caused such corporation or cooperative to remove its distribution lines and appurtenant structures outside the right-of-way limits of said public way. This right shall not apply to lands and easements on or adjacent to any developed or undeveloped water power, nor to lands or easements so closely paralleling existing wire lines of other utility corporations or cooperatives that the proposed distribution lines would substantially interfere with service rendered over said existing lines, except with the consent of the owners thereof, nor to lands and easements owned or used by railroad corporations.

Sec. 2. R. S., T. 35, § 2306, amended. The last paragraph of section 2306 of Title 35 of the Revised Statutes is amended to read as follows:

Any location to be so taken for such transmission or distribution lines shall be approved by the Public Utilities Commission.

Sec. 3. R. S., T. 35, § 2343, repealed and replaced. Section 2343 of Title 35 of the Revised Statutes is repealed and the following enacted in place thereof:

§ 2343. Water companies may lay pipelines

Every water company organized under the general or special law of this State and authorized to do a public utility business in this State may lay its pipes in and under the roads and streets in any city or town in which it is authorized to supply water or through which it is necessary or convenient to lay the same to supply water from its source of supply to enable it to render such service, subject to the conditions and under the restrictions provided in chapters 171 to 179. Such water utility shall procure a written location permit under section 2483.

The installation and maintenance of a water utility plant by a utility in accordance with such location permit shall constitute compliance by such utility with the requirements of the first sentence of section 2355.

Said water utility shall comply with sections 2483 to 2486.

Sec. 4. R. S., T. 35, § 2346, amended. The first sentence of section 2346 of Title 35 of the Revised Statutes is amended to read as follows:

No ~~such~~ person, firm or corporation shall lay its pipes or place its wires under the surface of any road or street, or dig up or open the ground in any road or street, until it shall have obtained, as prescribed in section 2347, a permit in writing from the municipal officers of the city or town in which such road or street is located, or from the State Highway Commission when the road or street is a state, state aid or federal aid highway, except for such state or state aid highways in the compact areas of municipalities having a population over 5,000, which permit shall be signed by such municipal officers or the State Highway Commission and shall specify the roads and streets and the location therein in which such pipes or wires shall be laid.

Sec. 5. R. S., T. 35, § 2347, amended. The first sentence of section 2347 of Title 35 of the Revised Statutes is amended to read as follows:

Telegraph, telephone, gas, pipeline, electric light, heat or power companies chartered by special Act of the Legislature or organized under the general laws of the State, and all such companies, wherever chartered or organized, engaged in the business of transmitting intelligence, heat, light or power by electricity, or of transporting oil, gas, gasoline, petroleum or any other liquids or gases as a common carrier for hire, or of furnishing gas for light, heat or power, may, in any city or town, place their pipes and appurtenances, wires and cables and all conduits and other structures for conducting and maintaining such pipes, wires and cables under the surface of those streets and highways in which such companies are empowered to obtain locations for their pipes and appurtenances, poles and wires, subject to the written permit therefor of the municipal officers of such city or town, **or from the State Highway Commission when the street or highway is a state, state aid or federal aid highway, except for such state or state aid highways in the compact areas of municipalities having a population over 5,000,** and subject to such rules and regulations as to location and construction as such municipal officers or the State Highway Commission may designate in their permit.

Sec. 6. R. S., T. 35, §§ 2482 - 2483, repealed and replaced. Sections 2482 and 2483 of Title 35 of the Revised Statutes are repealed and the following enacted in place thereof:

§ 2482. Permits to construct facilities

Except as otherwise provided, no company, person or association shall construct facilities upon and along highways and public roads, without making an application for and obtaining a written permit under section 2483.

§ 2483. Application for permit; procedure

Every corporation operating telegraphs or telephones or transmitting television signals by wire, and every corporation that owns, controls, operates or manages any pipeline within or through this State for the transportation as a common carrier for hire of oil, gas, gasoline, petroleum or any other liquids or gases, and every water company and every corporation making, generating, selling, distributing and supplying gas or electricity, and every water or sewer company, district or system privately or municipally owned, every municipally owned or operated fire alarm, police alarm or street lighting circuit or system and every cooperative organized under chapters 221 to 227 and any other person, firm or corporation engaged in the transmission of intelligence, heat, light, power or electricity shall procure a written location permit for its facilities from the applicable licensing authority, defined as follows:

I. Definitions.

A. "Applicable licensing authority" or "licensing authority" as used in this section shall mean:

- (1) The State Highway Commission, when the public way is a state, state aid or federal aid highway, except for such state or state aid highways in the compact areas of municipalities having a population over 5,000;

(2) The municipal officers, when the public way is a city street or town way or a state or state aid highway in the compact areas of municipalities having a population over 5,000;

(3) The county commissioners, for all other public ways.

B. "Facilities" as used in this section shall mean:

(1) If under the surface of the public way, pipes, cables and conduits;

(2) If on or over the surface of the public way, poles, guys, hydrants, cables, wires and any plant or equipment located on or over the surface of the public way.

C. "Federal-aid highway system" shall consist of highways selected or designated by the State Highway Commission and approved by the Secretary, Department of Transportation, in accordance with 23 U. S. Code Section 103.

D. "Compact areas" shall in section 2346 and this section mean an area within a municipality having a population over 5,000 where structures on land adjacent to the highway are nearer than 200 feet apart for a distance of $\frac{1}{4}$ of a mile.

2. Application. The application shall be in writing and describe the facilities, the requested location, the minimum depth if an underground facility, the minimum height of any attached wires or cables, if above ground facilities, all in the manner and form which the licensing authority may require.

3. Notice. The applicant shall give public notice of the application by publishing the text of the same once in a newspaper circulated in the municipality or municipalities encompassing the limits of the proposed location.

A copy of any application filed with the State Highway Commission shall be sent to the town or city clerk of each municipality in which the facilities are located, or to the clerk of the county commissioners in the case of facilities within a plantation or unorganized township.

4. Objection. Any person, firm or corporation claiming to be adversely affected by the proposed location described in the application shall file a written objection with the licensing authority within 14 days after publication by the applicant. The written objection shall state the cause. The objection shall be served by personal delivery in hand or by registered or certified mail.

5. Hearing. The licensing authority on receipt of a written objection shall fix a time and place for hearing, and 7 days' notice of hearing shall be given by registered or certified mail to the applicant and any person, firm or corporation filing lawful objections. At the hearing, the applicant shall first prove public notice of the application. Adjudication by the licensing authority on validity of the applicant's notice shall be final and conclusive. If the licensing authority finds either its notice of hearing or the applicant's notice of application defective, it may fix a new time and place for hearing and shall order appropriate notice to be published and shall adjourn the hearing to meet at the time and place fixed in its order, otherwise it shall proceed with the hearing.

6. Permits. The location permit shall specify the approximate location of the facility and the minimum depth of any pipes or conduits below, or the minimum height of any wires or cables above, the earth's surface. The licensing authority may specify in the permit other requirements deemed necessary in the best interests of the public safety and use of the right-of-way so as not to incommode use for public travel.

7. Liability. Installation and maintenance of the facility and its appurtenances in accordance with the terms of the permit and the provisions of chapters 171 to 179 shall relieve the applicant of liability to others by reason of location of its facility and appurtenances and no person shall have any right of recovery under the authority of Title 23, section 3655, by reason of such location, installation and maintenance and the applicant will be liable only for acts of carelessness or negligence in the installation or maintenance of the same.

8. Alteration. After installation of the facility the licensing authority may alter or amend the permit if the installation is deemed to impair the highway improvement or interfere with the free and safe flow of traffic. The procedure for an applicant, or for the licensing authority under the preceding sentence, to alter or amend the terms of a location permit after construction or installation of the facility shall be the same as for any original application for a permit.

9. Relocation. No location permit or alteration of any original location permit shall be required for relocation of the facility when such relocation is because of the construction, reconstruction or relocation of the way, except when required by federal law applicable to highways that have been designated for federal aid. The licensing authority, except in such cases of federal aid construction, shall issue a new location permit to evidence the legality of the relocation.

10. Replacement and additions. A new location permit is not required for the replacement of an existing facility or appurtenance, or for additions to the facility and appurtenances made within the terms of the existing permit.

11. Service lines and improvements. An additional location permit is not required for any company, person or association to attach or install wires, cables or associated equipment, or service lines or extensions to its facilities for which a permit has been issued or which are declared to be legal structures under this section, provided such attachments or installations shall conform to the conditions of such permit. Such attachments or installations shall be deemed legal structures.

12. Ordered and existing locations. No location permit is required for any facilities constructed in accordance with an order of the municipality issued in writing and signed by the municipal officers, or by county commissioners in the case of plantations or unorganized townships, and agreed to by the owner of the facilities, and such facilities when installed in accordance with the order will be deemed legal structures.

No location permit is required for any facilities which existed within the limits of a private way prior to the legal acceptance of said private way as a public way, and such facilities will be deemed legal structures.

13. Records. The licensing authority shall maintain a record of all location permits issued and presently valid.

14. Appeals. The licensing authority shall give notice of their decision to the applicant and to any person filing objections as soon as may be practicable.

Any person, firm or corporation aggrieved by a decision of the State Highway Commission or the county commissioners may appeal to the Superior Court in the manner provided in Title 23, sections 2063 to 2066, relating to highways.

In case of cities and towns, the decision of the municipal officers shall be filed with the clerk of the city or town within one week from the date thereof. Within 2 weeks from such filing, any person aggrieved may appeal from their decision by filing notice of appeal with a copy of the original petition and adjudication with the clerk of the city or town and with the clerk of the board of county commissioners. The commissioners shall immediately entertain such appeal and give 2 weeks' notice of the time and place of hearing, which time shall be within 30 days from the time such appeal is filed. Such hearing may be adjourned from time to time, not exceeding 30 days in all, and the commissioners shall file their decision within 30 days from the time the hearing is closed and transmit a copy of the same to the applicant, any other parties to the appeal, and to the clerk of the city or town, who shall forthwith record it.

15. Opening permits. Notwithstanding any provisions in either sections 2343, 2482 or 2483, the applicant must procure opening permits before making any underground installation as provided in Title 23, section 54, and sections 3351 to 3359, and in Title 35, chapter 173.

16. Agreement. The granting of a permit by the State Highway Commission, municipal officers or county commissioners, pursuant to this section, shall constitute an agreement between the utility and the State or political subdivision thereof.

17. Rules and regulations. The State Highway Commission may adopt reasonable rules and regulations to administer this section, and such rules and regulations may include procedures for application and issue of permits and the conduct of hearings.

18. Relocation in certain municipalities. The State Highway Commission shall have the exclusive rights, powers and duties of municipal officers under section 2489 when state, state aid and federal aid highways are affected, except for state and state aid highways in the compact areas of municipalities having a population over 5,000.

19. Rights of applicable licensing authority. Nothing in Title 30, section 2151, subsection 2, paragraph H, shall be deemed to impair the rights of the applicable licensing authority.

20. Legal effect. Facilities and appurtenances heretofore installed, maintained and now in use within any public way together with any facilities and appurtenances hereafter installed and maintained in accordance with this section shall be deemed legal structures and the party maintaining the same shall be liable on account thereof only for acts of carelessness or negligence in the erection or maintenance of the same.

21. Exclusive method. Compliance with the provisions of this section by any person, firm, corporation or cooperative shall be the exclusive method of obtaining the rights and privileges herein conferred, and no person, firm, corpor-

ation or cooperative shall be required with respect to the location of its facilities to comply with or be subject to any other law, including but not limited to Title 30, chapter 240-A.

Sec. 7. R. S., T. 35, § 2489, amended. The first sentence of section 2489 of Title 35 of the Revised Statutes is amended to read as follows:

Whenever the municipal officers of any city or town having a population of more than 40,000 inhabitants, in which any person, firm or corporation maintains wires attached to poles located in any public street or way, **other than a state, state aid or federal aid highway, except for such state or state aid highways in the compact area, as defined in section 2483,** for conveying electric current or for the transmission of telephone or telegraph messages, determine, after notice and hearing, that public safety and the public welfare require the revocation of any location for poles already erected in any public street or way, they may revoke any such location and order such poles removed, which shall be done within a reasonable time by the person, firm or corporation owning said poles.

Effective October 7, 1967

Chapter 263

AN ACT Amending the Law Regulating the Practice of Nursing.

Be it enacted by the People of the State of Maine, as follows:

Sec. 1. R. S., T. 32, § 2101, amended. Section 2101 of Title 32 of the Revised Statutes is amended to read as follows:

§ 2101. Purpose

In order to safeguard the life and health of the people in this State, any person who for compensation practices or offers to practice professional nursing or practical nursing ~~as a licensed practical nurse~~ in this State shall hereafter be required to submit evidence that he or she is qualified so to practice, and shall be licensed as provided. It shall be unlawful for any person not licensed under this chapter to practice or to offer to practice professional **or practical** nursing in this State; or to use any sign, card or device **or in any way hold oneself out to the public** to indicate that such person is a professional registered nurse or a licensed practical nurse.

This chapter does not affect or prohibit ~~the practice of practical nursing by any person not representing himself or herself to be a licensed practical nurse, nor does it affect or prohibit~~ the employment of persons functioning under supervision as nursing aides, attendants, orderlies and other auxiliary workers in private homes, offices, hospitals, nursing or rest homes or institutions.

Sec. 2. R. S., T. 32, § 2102, sub-§ 3, repealed and replaced. Subsection 3 of section 2102 of Title 32 of the Revised Statutes is repealed and the following enacted in place thereof:
