## Chapter 320

AN ACT to Create a Hearing Aid Dealer Board and Provide for Licensing of Hearing Aid Dealers and Fitters.

*Be it enacted by the People of the State of Maine, as follows:*

R. S., T. 32, c. 23-A, additional. Title 32 of the Revised Statutes is

amended by adding a new chapter 23-A, to read as follows:

## CHAPTER 23-A

### HEARING AID DEALERS AND FITTERS

#### § 1658. Definitions

As used in this chapter, unless the context requires otherwise:

1. Board. "Board" shall mean the Board for Licensing Hearing Aid Dealers and Fitters.

2. Department. "Department" shall mean the State Department of Health and Welfare.

3. Hearing aid. "Hearing aid" shall mean any wearable instrument or device designed for or offered for the purpose of aiding or compensating for impaired human hearing, and any parts, attachments or accessories, including earmold, but excluding batteries and cords.

4. License. "License" shall mean a license issued by the State under this chapter to hearing aid dealers and fitters.

5. Practice of fitting and dealing in hearing aids. "Practice of fitting and dealing in hearing aids" shall mean the measurement of human hearing by means of an audiometer or by any means solely for the purpose of making selections, adaptations or sale of hearing aids. The term includes the making of impressions for earmolds. A dealer, at the request of a physician or a member of related professions, may make audiograms for the professional's use in consultation with the hard-of-hearing.

6. Sell or sale. "Sell" or "sale" includes a transfer of title or of the right to use by lease, bailment or any other contract. This excludes wholesale to distributors or dealers.

7. Trainee permit. "Trainee permit" shall mean a temporary permit issued while the applicant is in training to be called a hearing aid dealer and fitter.

#### § 1658-A. License required to sell or fit hearing aids

No person shall engage in the sale of or practice of fitting hearing aids or display a sign or in any other way advertise or represent himself as a person who practices the fitting and sale of hearing aids after January 1, 1970 unless he holds an unsuspended, unrevoked license issued by the department as provided in this chapter. The license required by this chapter shall be conspicuously posted in the licensee's office or place of business. Duplicate licenses shall be issued by the department to valid license holders operating more than one office without additional payment. A license issued under this chapter shall confer on the holder the right to select, fit and sell hearing aids.

Nothing in this chapter shall prohibit a corporation, partnership, trust, association or other like organization maintaining an established business address from engaging in the business of selling or offering for sale hearing aids at retail without a license, provided that it employs only properly licensed natural persons in the direct sale and fitting of such products. Such corporations, partnerships, trusts, associations and other like organizations shall file annually with the board a list of all licensed hearing aid dealers and fitters directly or indirectly employed by it. Such organizations shall file with the board a statement on a form approved by the board that they submit themselves to the rules and regulations of the department and this chapter which the department shall deem applicable to them.

§ 1658-B. Receipt required to be furnished to a person supplied with hearing aid

Any person who practices the fitting and sale of hearing aids shall deliver to each person supplied with a hearing aid a receipt which shall contain the licensee's signature and show his business address and the number of his certificate, together with specifications as to the make and model of the hearing aid furnished, full terms of sale clearly stated. If an aid which is not new is sold, the receipt and the container thereof must be clearly marked as "used" or "reconditioned" whichever is applicable, with terms of guarantee, if any.

Such receipt must bear in no smaller type than the largest used in the body copy portion the following: Any examination or examinations or representation or representations made by a licensed hearing aid dealer and fitter in connection with the fitting and selling of such hearing aid or aids is not an examination, diagnosis or prescription by a person licensed to practice medicine in this State and therefore, must not be regarded as medical opinion or advice.

Any person practicing in the fitting and sale of hearing aids will, when dealing with a child 10 years of age or under, ascertain if the child has seen an otolaryngologist within 90 days prior to the fitting for his recommendation. If such is not the case, a recommendation to do so must be made and this fact should be noted on the receipt.

§ 1658-C. Persons and practices not affected

This chapter is not intended to prevent any person from engaging in the practice of measuring human hearing; such person, however, shall not demonstrate or offer for sale hearing aids and accessories.

This chapter does not apply to a person who is a physician or osteopath duly licensed under the laws of the State of Maine.

§ 1658-D. License by experience

1. Without examination. An applicant for a license without examination as a "hearing aid dealer and fitter" shall:

- A. Have been principally engaged as a hearing aid dealer and fitter for a total period of at least 2 years, within a period of 5 years immediately prior to the effective date of this chapter ;
- B. Be a person of good moral character ;
- C. Be 21 years of age or older.

Method of granting of license by experience shall be terminated 6 months after the effective date of this chapter.

§ 1658-E. Issuance of license

The department shall register each applicant without discrimination or examination who satisfactorily passes the experience requirement as provided in section 1658-D or passes an examination as provided in section 1658-F and upon the applicant's payment of \$100 shall issue to the applicant a license signed by the commissioner. The license shall be effective until January 30th of the year following the year in which it is issued.

Whenever the board determines that another state or jurisdiction has requirements equivalent to or higher than those in effect pursuant to this chapter for the practice to fit and sell hearing aids, and that such state or jurisdiction has a program equivalent to or stricter than the program for determining whether applicants pursuant to this chapter are qualified to dispense and fit hearing aids, the department may issue certificates of endorsement to applicants who have current, unsuspended and unrevoked certificates or licenses to fit and sell hearing aids in such other state or jurisdiction. No such applicants for a certificate of endorsement pursuant to this paragraph shall be required to submit to or undergo a qualifying examination other than the payment of fees, pursuant to this chapter. The holder of a certificate of endorsement shall be registered in the same manner as holders of a license. The fee for an initial certificate of endorsement shall be the same as the fee for an initial license. Fees, grounds for renewal and procedures for suspension and revocation of certificates of endorsement shall be the same as for the renewal, suspension or revocation of a license.

§ 1658-F. License by examination

1. Qualifications. Applicants who do not meet the experience qualification on the effective date of this chapter may obtain a license by successfully passing a qualifying examination, provided the applicant :

- A. Be at least 21 years of age ;
- B. Be of good moral character ;
- C. Has an education equivalent to a 4-year course in an accredited high school.

2. Examination. The applicant for license by examination shall appear at a time, place and before such persons as the department may designate, to be examined by means of written and practical tests in order to demonstrate that he is qualified to practice the fitting and sale of hearing aids.

The examination administered as directed by the board constituting standards for licensing shall not be conducted in such a manner that college training be required in order to pass the examination. Nothing in this examination shall imply that the applicant shall possess the degree of medical competence normally expected by physicians.

3. Time. The department shall give examinations as required to permit applicants to be examined within 30 days following the submission of the official application form.

#### § 1658-G. Temporary trainee permit

After January 1, 1970 an applicant who fulfills the requirements regarding age, character and education as set forth in section 1658-F, subsection 1, may obtain a trainee permit upon application to the department. Previous experience or a waiting period shall not be required to obtain this trainee permit.

Upon receiving an application as provided under this section and accompanied by a fee of \$25, the department shall issue a trainee permit which shall entitle the applicant to schooling and training in the fitting of hearing aids but not in the direct selling of hearing aids. A person holding a valid hearing aid dealer's and fitter's license shall be responsible for the supervision and training of such applicant and maintain adequate personal contact.

A person who holds a temporary trainee permit under this section must successfully pass the licensing examination within a 90-day period from the date of issuance. He shall be issued a license upon payment of a \$75 fee.

#### § 1658-H. Scope of examination

The qualifying examination provided in section 1658-F shall consist of:

A person who holds a license shall notify the department in writing of a regular address of the place or places where he engages or intends to engage in the fitting or the sale of hearing aids.

The department shall keep a record of the place of business of persons who hold licenses.

Any notice required to be given by the department to a person who holds a license shall be mailed to him by certified mail at the address of the last place of business of which he has notified the department.

§ 1658-J. Annual renewal of license; fees; effect of failure to renew

Each person who engages in the fitting and sale of hearing aids shall annually, on or before January 30th, pay to the department a fee of \$50 for a renewal of his license and shall keep such certificate conspicuously posted in his office or place of business at all times. Where more than one office is operated by the licensee, duplicate certificates shall be issued by the department for posting in each location. A 30-day grace period shall be allowed after January 30th, during which time licenses may be renewed on payment of a fee of \$100 to the department. After expiration of the grace period, the department may renew such certificates upon the payment of \$200 to the department. No person who applies for renewal, whose license has expired, shall be required to submit to any examination as a condition to renewal, provided such renewal application is made within 2 years from the date of such expiration.

§ 1658-K. Grounds for suspension of license

The department may refuse to issue or refuse to renew or the Administrative Hearing Commissioner, as designated by Title 5, chapters 301 to 307, may suspend or revoke any license for any one or more of the following causes:

E. Representing that the service or advice of a person licensed to practice medicine will be used or made available in the selection, fitting, adjustment, maintenance or repair of hearing aids when that is not true, or using the word "doctor," "clinic" or similar words, abbreviations or symbols which tend to connote the medical profession when such use is not accurate;

F. Permitting another to use his license;

G. Advertising a manufacturer's product or using a manufacturer's name or trademark which implies a relationship with the manufacturer that does not exist;

H. To directly or indirectly give or offer to give, or permit or cause to be given money or anything of value to any person who advises another in a professional capacity as an inducement to influence them or have them influence others to purchase or contract to purchase products sold or offered for sale by a hearing aid dealer or fitter; or to influence persons to refrain from dealing in the products of competitors.
