The authority may provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Bonds may be issued under this chapter without obtaining the consent of any department, division, commission, board, bureau or agency of the State, and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions or things which are specifically required under this chapter.

Revenue bonds issued under this chapter shall not be deemed to constitute a debt of the State of Maine nor a pledge of the credit of the State, but such bonds shall be payable solely from the funds provided therefor, and a statement to that effect shall be recited on the face of the bonds.

§ 7056. Trust funds

Notwithstanding any other law, all moneys received pursuant to the authority of this chapter, whether as proceeds from the sale of bonds or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this chapter. The resolution authorizing the bonds of any issue or any trust agreement securing such bonds shall provide that any officer with whom, or any bank or trust company with which, such moneys shall be deposited shall act as trustee of such moneys and shall hold and apply the same for the purposes hereof, subject to such regulations under this chapter and as such resolution or trust agreement may provide.

The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof and the rights, duties and obligations of the authority in respect of the same shall be governed by this chapter, insofar as the same may be applicable.

§ 7059. Transfer to governmental subdivision

When the bonds issued under this chapter in connection with any project and the interest thereon shall have been paid or a sufficient amount for the payment of such bonds and the interest thereon to the maturity thereof shall have been set aside in trust for the benefit of the bondholders, such project may be conveyed by the authority to an encompassing or adjoining governmental subdivision.

§ 7063. Taxes

As the exercise of the powers granted by this chapter will be in all respects for the benefit of the people of the State and for the improvement of their economic welfare and as projects constructed under this chapter constitute public property, the authority shall not be required to pay any taxes or assessments upon any of its property or any project or any part thereof, or upon the income therefrom, and any bonds issued under this chapter, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free from taxation within the State.

§ 7064. Municipal rights

The authority shall have all the rights, powers and duties vested by law in a municipality, particularly as pertains to police powers, roads, streets and highways and other public works, planning zoning and regulation of buildings, and shall be able to participate in all State and Federal subsidies, grants in aid and assistance, equally as well as if it were an actual incorporated municipality. Should any of its properties lie within a presently incorporated municipality, or a later incorporated municipality, then such municipal rights shall cease and be vested in the municipality, except those rights actually pertaining to the construction and operation of an airport.
