Chapter 88

AN ACT Creating a Sewer District in the Town of Jackman.

Emergency preamble. Whereas, Acts of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

Whereas, there is no adequate existing public sewerage system in the Town of Jackman; and

Whereas, this condition constitutes a menace to the health, welfare and safety of the Town of Jackman; and

Whereas, it is imperative that action be taken at the earliest possible moment to eliminate such condition; and

Whereas, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

Be it enacted by the People of the State of Maine, as follows:

Sec. 1. Territorial limits; name; purposes. The territory and inhabitants therein of the Town of Jackman are created a body corporate and politic under the name of "Jackman Sewer District" for the purpose of providing the inhabitants of said district with a system of public sewerage constructed, maintained and operated for the public health and welfare and for the benefit of said residents and of the property therein served by said sewerage facility, in the manner, with the rights, duties and immunities hereinafter in this Act set forth.

Sec. 2. Authority to contract and maintain. Within said territory said Jackman Sewer District is hereby authorized to lay pipes, drains, sewers and conduits, and to take up, repair and maintain the same or to contract for the same to be done, in and along the public ways, private ways and public grounds, and through lands of any person or corporation as hereinafter provided, to and into rivers, watercourses or filtration plants or to or into any drain or sewer now or hereafter built which empties into rivers or into any watercourse or filtration plant, the discharge therefrom to be at such points consistent with the requirements of public health as shall be found convenient and reasonable for said district and the flow of existing watercourses; also to construct and maintain filtration plants, pumping stations, basins, reservoirs, flush tanks and such other appliances for collecting, holding, purifying, distributing and disposing of sewage matter and surface or waste waters as may be necessary and proper; and in general, do any or all things incidental to accomplish the purposes of this Act.
