§ 3504. Purpose

For the purpose of providing blind persons with remunerative employment, enlarging the economic opportunities of blind persons and stimulating blind persons to greater efforts to make themselves self-supporting with independent livelihoods, the officer, board or other authority in charge of any building or property of the State, any county or municipality shall grant to the Division of Eye Care in the Department of Health and Welfare authority to install in such buildings or such property a vending facility to be operated by a blind person duly licensed by the Division of Eye Care whenever a vending facility may be properly and satisfactorily operated by a blind person.

§ 3505. Definitions

As used in sections 3504 to 3511:

1. Blind person. "Blind person" means a person having not more than 10% visual acuity in the better eye with correction. Such blindness shall be certified by a duly licensed ophthalmologist.

3. Division. "Division" means the Division of Eye Care in the Department of Health and Welfare.

4. Jurisdiction. "Jurisdiction" means the control of the maintainance, operation and protection of public buildings and property of the State of Maine or of any county or municipality.

5. Licensing agency. "Licensing agency" means the Division of Eye Care which is the state agency designated by the Vocational Rehabilitation

8. **Vending facility.** "Vending facility" means restaurant, cafeteria, snack bar, vending machines for food and beverages and goods and services customarily offered in connection with any of the foregoing.

§ 3506. Preference

The officer, board or other authority in charge of any building or property of the State or of any county or municipality shall:

1. **Policies.** Adopt such policies and take such actions as may be necessary to assure that blind persons licensed by the Division of Eye Care will be given preference in establishment and operation of vending facilities on property under their jurisdiction.

2. **Surveys.** Cooperate with the division in surveys of properties and buildings under their control in order to find suitable locations for the operation of vending facilities by blind persons, and after it has been determined that such a facility may be properly and satisfactorily operated by a blind person, shall cooperate with the division in the installation of such vending facility.

3. **Income.** For the purpose of achieving and protecting the preference of blind persons in the operation of vending facilities as contemplated by sections 3504 to 3511, arrange for the assignment of the income derived from vending machines located within reasonable proximity to and in direct competition with a vending facility for which authority has been granted pursuant to sections 3504 to 3511, to the vending facility operator or operators affected. If a vending machine vends articles of a type authorized for vending pursuant to sections 3504 to 3511, and is so located that it attracts customers who would otherwise patronize the vending facility, such machine will be considered to be in reasonable proximity to and indirect competition with the vending facility.

4. **Licensing.** No less than 30 days prior to the reactivation or licensing for the operation of any vending operation, inform the division of such contemplated action.
