AN ACT Relating to Aids to Navigation and Regulatory Markers and Removal of Hazards for Safe Passage of Watercraft.

Emergency preamble. Whereas, Acts of the Legislature do not become effective until 90 days after adjournment of the Legislature unless enacted as emergencies; and

Whereas, the following legislation is vitally necessary to provide for the safety during the use of the state's waters by the inhabitants of Maine and its summer visitors in the summer of 1971 and is vital to the economy of the State; and

Whereas, the safety of the users of the state's waters are in jeopardy when navigational aids placed by the State on the waters are moved, defaced or destroyed; and

Whereas, providing for the removal of hazards when economically feasible rather than placing navigational aids will reduce the continued placement and maintenance of specific aids; and

Whereas, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine, and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

Be it enacted by the People of the State of Maine, as follows:

Sec. 1. R. S., T. 38, § 321, amended. Section 321 of Title 38 of the Revised Statutes, as amended by section 1 of chapter 103 of the public laws of 1967, is further amended by adding at the end the following paragraphs:

The Director of Parks and Recreation may make rules for the uniform marking of the water areas of this State not otherwise regulated, through the placement of aids to navigation and regulatory markers. No city, county or person shall mark the waters of this State in any manner in conflict with the marking system prescribed by the Director of Parks and Recreation.

The Director of Parks and Recreation shall remove, within the funds available, minor hazards to boating when, in his opinion, removal of the minor hazard or obstacle is necessary for the safe passage of watercraft. The Maine State Park and Recreation Commission, its authorized agents and employees, in carrying out the purpose of this paragraph, may enter upon any lands with
