Such clinical experience must be under the direct supervision of and attested to in a notarized statement by a person licensed in the area, speech pathology or audiology, for which a license is being sought. Such clinical experience must additionally follow the completion of the requirements described in subsections 1, 2 and 3; and

§ 6021. Application

A person eligible for licensure under section 6020 shall make application for examination to the board at least 30 days prior to the date of examination, upon a form and in such manner as the board shall prescribe. Any application shall be accompanied by the fee prescribed by section 6028, which fee shall in no case be refunded. A person who fails an examination may make application for reexamination.

A person certified by the American Speech and Hearing Association or licensed under the laws of another state, a territory of the United States or the District of Columbia, which has established licensure requirements at least equivalent to those established by section 6020 as a speech pathologist or audiologist, who has applied for examination under this section, may perform speech pathology and audiology services in this State prior to a determination by the board that such person has successfully completed examination for licensure or is eligible for waiver of the examination in accordance with section 6023.

§ 6022. Examination

Each applicant for licensure under this chapter shall be examined by the board in written examination. Standards for acceptable performance shall be established by the board. Applicants for licensure shall be examined at the time and place and under such supervision as the board may determine. Examinations shall be given at such places within this State as the board may determine at least twice each year and the board shall make public, in a manner it considers appropriate, notice of such examinations at least 60 days prior to their administration, and shall appropriately notify all individual examination applicants of the time and place of their administration. The board may examine in whatever theoretical or applied fields of speech pathology and audiology it considers appropriate and may examine with regard to a person's professional skills and judgment in the utilization of speech pathology or audiology techniques and methods. The board shall maintain a permanent record of all examination scores.

§ 6023. Waiver of examination

The board may waive the examination and grant licensure to any applicant who shall present proof of current licensure in another state, including the District of Columbia or a territory of the United States which maintains professional standards considered by the board to be equivalent to those set forth in this chapter.

The board shall waive the examination and grant licensure to any person who possesses credentials equivalent to the Certificate of Clinical Competency of the American Speech and Hearing Association in the area for which such person is applying for licensure. Application for such licensure must be made within 180 days after the effective date of this chapter.

The board shall waive the examination and grant licensure as a speech pathologist to any person who possesses a current certificate issued by the State Department of Educational and Cultural Services on the effective date of this Act. Application for licensure must be made within 180 days after the effective date of this Act, providing such person has been engaged in private practice as a speech pathologist for at least 24 months prior to the effective date of this Act. Private practice, for purposes of this section, is defined as a minimum of 120 hours per year of professional services for pay outside of school employment as a speech pathologist. Application for such licensure must be made within 180 days after the effective date of this chapter.

§ 6024. License

The board shall issue a license to any person who meets the requirements of this chapter and who pays to the board the license fee established in section 6028.

§ 6025. Temporary license

An applicant, who fulfills all the requirements for licensure except professional employment or examination, may apply to the board for a temporary license. Upon receiving an application, accompanied by the fee established in section 6028, the board shall issue a temporary license, which entitles the applicant to practice speech pathology or audiology under supervision while completing the requirements for licensure. No temporary license shall be issued by the board under this section unless the applicant shows to the satisfaction of the board that she or he is or will be supervised and trained by a person who holds a license or the Certificate of Clinical Competency of the American Speech and Hearing Association in the appropriate specialty. The temporary license shall be effective for one year and may be renewed upon board approval.

§ 6026. License; refund to issue or renew; suspension; revocation

The board shall investigate or cause to be investigated all complaints made to it and all cases of noncompliance with or violation of this chapter. The board shall have the authority, after hearing, to refuse to issue or renew a license, or to suspend a license until said complaint can be heard by the Administrative Court Judge. The Administrative Court Judge shall have the power to suspend or revoke the license of any licensed speech pathologist or audiologist who is found guilty of:

1. Obtaining license by fraud. Obtaining a license by means of fraud, misrepresentation or concealment of material facts;
2. Guilty of unprofessional conduct. Being guilty of unprofessional conduct as defined by the rules established by the board or violating the Code of Ethics adopted and published by the board;
3. Violation of any lawful order, rule, etc. Violating any lawful order,

rule or regulation rendered and adopted by the board;

4. Conviction of a felony. Being convicted of a felony in any court of the United States if the acts for which she or he is convicted are found by the board to have a direct bearing on whether she or he should be entrusted to serve the public in the capacity of a speech pathologist or audiologist; or

5. Violations. Violating any provision of this chapter.

The board, for reasons it may deem sufficient, may reissue a license to any person whose license has been revoked, providing 4 or more members of the board vote in favor of such reissuance.

§ 6027. License, renewal

Licenses issued under this chapter expire biennially and become invalid at midnight, January 31st of every other year, or at such other times as the Commissioner of Business Regulation may designate, if not renewed. Every person licensed under this chapter shall, on or before the biennial expiration date, pay a fee for renewal of license to the board. The board shall notify every person licensed under this chapter of the date of expiration of his license and the amount of fee required for its renewal for a 2-year period. The notice shall be mailed to such person's last known address at least 30 days in advance of the expiration of such license. No person who requests renewal of license, whose license has expired, shall be required to submit to examination as a condition to renewal, if such renewal application is made within 2 years from the date of such expiration. Renewals are contingent upon evidence of participation in continuing professional education, such as attending professional meetings and regional inservice programs, as determined by the board.

A suspended license is subject to expiration and may be renewed as provided in this section, but such renewal shall not entitle the licensee, while the license remains suspended and until it is reinstated, to engage in the licensed activity. A license revoked on disciplinary grounds is subject to expiration as provided in this section, and it may not be renewed.

§ 6028. Fees

Every person to whom an initial license is issued pursuant to this chapter shall pay a license fee of \$25. The fee for a temporary license shall be \$25. The fee for biennial renewal of a license shall be \$50. The board may, by regulation, provide for the waiver of all or part of the fee for an initial license, if it is issued less than 120 days before the date on which it will expire. When the unexpired term of an initial license of an applicant is or will be more than one year at time of licensure, the board may, by regulation, require such applicants to pay an additional fee not to exceed $\frac{1}{2}$ the biennial renewal fee. The fee for an examination shall be an amount established by the board, not to exceed \$25.

All fees received by the board shall be paid to the Treasurer of State to be used for carrying out the purpose of this chapter. Any balance of such fees shall not lapse but shall be carried forward as a continuing account to be expended for the same purposes in the following fiscal years.

§ 6029. Notice

The board shall publish, in an appropriate manner, the licensure standards prescribed by this chapter, any amendments thereto and such rules and regulations as it may promulgate under the authority vested by section 6012.

§ 6030. Continuing professional education

The board shall require the applicant for license renewal to present evidence of the satisfactory completion of continuing professional education of persons subject to this chapter.

§ 6031. Penalty

Every person found guilty of violating a provision of this chapter shall be punished by a fine of not more than \$500 or by imprisonment for not more than 3 months, or by both.
