PREFACE

This volume constitutes the official publication of the "Laws of Maine" as enacted and approved at the First and Second Special Sessions of the 107th Legislature.

The publication of the 1975 special session laws in volume 3 of the 1975 Laws of Maine departs from the traditional publishing practice of carrying forward laws of even-year sessions for publication with laws of the next session. To avoid confusion, and to conform with the constitutionally mandated transition to annual legislative sessions, in the future all the laws enacted during a biennium will be published in the volumes bearing the year of that biennium. This new practice will then enable future publications of the Laws of Maine to be made on either an annual basis or at the close of each legislative biennium.

Although this edition of the Laws of Maine will permit future publication on an annual basis, document and chapter numbering will remain in consecutive sequence during the course of each legislative biennium, a practice which follows that adopted by the Federal Congress.

The user should note that this third volume of the 1975 Laws of Maine contains a subject index and cross reference table covering only the First and Second Regular Sessions of 1975. The cumulative index and cumulative cross reference tables usually provided will appear in volume 2 of the 1977 Laws of Maine and, due to printing costs, only in the last volume of each biennium's publication thereafter.
