INITIATED BILL

approved by the People of the

STATE OF MAINE

on June 8, 1976

AN ACT to Establish a Public Preserve in the Bigelow Mountain Area

Be it enacted by the People of the State of Maine, as follows:

Sec. 1. Bigelow Preserve. The Department of Conservation, including the several bureaus and agencies therein, and the Department of Inland Fisheries and Game are hereby authorized and directed to acquire approximately 40,000 acres of land on and around Bigelow Mountain in Franklin and Somerset Counties for a public preserve to be known as the Bigelow Preserve. The Preserve shall include generally all land in Wyman and North One Half township north of Stratton Brook and Stratton Brook Pond, and all land in Dead River township south and east of Flagstaff Lake. All public lots within or contiguous to this area shall be included within the Bigelow Preserve.

Sec. 2. Administration and Acquisition. The Preserve shall be administered by the Departments of Conservation and Inland Fisheries and Game. These Departments shall seek and use funds for the acquisition of the land necessary for the Bigelow Preserve from state bond issues and appropriations, federal funds, and other sources now or hereafter available to them. Acquisition shall be coordinated by the Department of Conservation. Sufficient property rights and interests shall be acquired to accomplish the purposes of this Act.

Sec. 3. Purpose. The purpose of this Act is to set aside land to be retained in its natural state for the use and enjoyment of the public. The Preserve shall be managed for outdoor recreation such as hiking, fishing, and hunting, and for timber harvesting. Timber harvesting within the Preserve shall be carried out in a manner approved by the Bureau of Forestry and consistent with the area's scenic beauty and natural features. All motor vehicles, not including vehicles engaged in timber harvesting, shall be restricted to roads designated for their use, except that snowmobiles shall also be allowed on designated trails. Designated roads shall be limited to those easily accessible to automobiles as of the effective date of this Act. No buildings, ski lifts, power transmission facilities, or other structures shall be built in the Preserve except for open trail shelters, essential service facilities, temporary structures used in timber harvesting, small signs, and other small structures that are in keeping with the undeveloped character of the Preserve.
