CHAPTER 441

S. P. 602 — L. D. 1600

AN ACT to Amend the Petroleum Liquids Transfer Vapor Recovery Law.

Emergency Preamble. Whereas, Acts of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

Whereas, any bulk gasoline terminal in the Central Maine Air Quality Control

Regions must comply by July 1, 1981, with the requirements of Title 38, section 610, as they relate to the installation of vapor control systems for the transfer of gasoline; and

Whereas, the location of the only large bulk gasoline terminal within the Central Maine Air Quality Control Regions is such that other nearby terminals in the Downeast Air Quality Region are not required to comply with the requirements of Title 38, section 610; and

Whereas, there is no factual basis for concluding that the emissions from this terminal adversely affect the Central Maine Air Quality Control Regions; and

Whereas, this terminal is important to the gasoline distribution system in the central and northern area of the State and to the economy of the area, and the necessity to comply with the statutory requirements will force the abandonment of the gasoline terminal operation; and

Whereas, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

Be it enacted by the People of the State of Maine, as follows:

38 MRSA § 610, sub-§ 1, ¶ A, as enacted by PL 1979, c. 385, § 2, is amended to read:

A. This section shall be applicable in the Metropolitan Portland, Portland Peninsula and Central Maine Air Quality Control Regions of the State, **except that, with respect to the Central Maine Air Quality Control Region, the board may by regulation, with the consent of the United States Environmental Protection Agency, modify the compliance schedule of this section as the public interest requires to afford equitable treatment to bulk gasoline terminals in the Central Maine and Downeast Air Quality Control Regions.**

Emergency clause. In view of the emergency cited in the preamble, this Act shall take effect when approved.

Effective June 8, 1981
