## CHAPTER 520

S.P. 538 - L.D. 1568

AN ACT to Increase the Compensation for  
Substitute Teachers.

Be it enacted by the People of the State of Maine as follows:

20-A MRSA §13402, sub-§3, as enacted by PL 1981, c. 693, §§5 and 8, is amended to read:

3. Substitute teachers. Substitute teachers with 4 years of study beyond high school and with a bachelor's degree and a teacher's certificate and substitute teachers who have retired after a minimum of 15 years of teaching shall be compensated at the rate of not less than \$20 \$30 for each day of service.

Effective September 23, 1983.

## CHAPTER 521

H.P. 1113 - L.D. 1471

AN ACT to Provide Continued Funding for  
the Determination of Ground Water Quality in  
the State's Sand and Gravel Aquifers.

Be it enacted by the People of the State of Maine as follows:

38 MRSA §403 is enacted to read:

§403. Ground water quality

1. Legislative intent. The Legislature finds that sand and gravel aquifers are important public and private resources for drinking water supplies and other industrial, commercial and agricultural uses. The ground water in these formations is particularly susceptible to contamination by pollutants and, once polluted, may not recover for hundreds of years. It is the intent of the Legislature that information be developed which shall determine the degree that the state's sand and gravel aquifers have been contaminated and shall provide a base of knowledge from which decisions may be made to protect the aquifers.
