CHAPTER 771

S.P. 778 - L.D. 2097

AN ACT to Ensure Universal Telephone Service for Maine People.

Be it enacted by the People of the State of Maine as follows:

35 MRSA §74 is enacted to read:

§74. Rates to ensure universal telephone service

The Legislature declares and finds that the 50-year effort to bring affordable, universally available telephone service to the public has served the State well; universal telephone service has contributed to the state's economic, social and political integration and development; the public benefits from universal telephone service because each telephone subscriber receives a more valuable service when virtually anyone else in the State can be called; significant rate increase may threaten universal service by forcing some Maine people to discontinue their telephone service. It is the policy of the State that telephone service shall continue to be universally available, especially to the poor, at affordable rates.

Effective July 25, 1984.
