CHAPTER 8

H.P. 369 - L.D. 344

AN ACT to Authorize a New Federally-
funded Telephone System at Camp Keyes.

Emergency preamble. Whereas, Acts of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

Whereas, the United States Department of Defense has mandated the integration of state National Guard telephone systems into the national military AUTOVON telephone system; and

Whereas, the Military Bureau must enter into an agreement for a \$187,000 telephone renovation with the United States Department of Defense; and

Whereas, the Revised Statutes, Title 5, section 1587 prohibits such an agreement until it is reviewed by the complete legislative budgetary process; and

Whereas, the delay of this process is unnecessary in this instance; and

Whereas, it is national military defense policy that the system be installed prior to March 15, 1983; and

Whereas, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

Be it enacted by the People of the State of Maine as follows:

Authorization for Department of Defense and Veterans' Services to enter agreement for telephone renovations. In accordance with the Revised Statutes, Title 5, section 1587, the Department of Defense and Veterans' Services may enter into an agreement for a \$187,000 telephone renovation with the United States Department of Defense. Any cost of that agreement shall be paid solely from funds of the Federal Government.
