## CHAPTER 300

S.P. 603 - L.D. 1579

### AN ACT Concerning the Licensing of Small Maine Breweries.

Be it enacted by the People of the State of Maine as follows:

28 MRSA §501, sub-§1-A is enacted to read:

1-A. Small Maine breweries. Small Maine breweries shall pay an annual license fee of . . . . . \$50.

For purposes of this section, "small Maine brewery" means a facility that is brewing, lagering and kegging, bottling or packaging its own malt liquors within the State. If an inadequate amount of agricultural products used for raw materials exists within the State, a holder of a small Maine brewery license may file an affidavit and application with the Bureau of Alcoholic Beverages setting forth the unavailability of raw materials within the State and requesting permission to import those agricultural products from out-of-state. If the bureau finds that there is in fact an inadequate supply of raw materials within the State, it may authorize that importation.

A holder of a small Maine brewery license may produce malt liquors containing 25% or less alcohol by volume in an amount not to exceed 50,000 gallons per year, or their metric equivalent.

A holder of a small Maine brewery license may sell, on the premises during regular business hours, malt liquors produced at the brewery by the bottle, case or in bulk.

A holder of a small Maine brewery license may sell or deliver his product to licensed retailers and wholesalers. In addition, he may sell, on the premises for consumption off the premises, malt liquors produced at the brewery by the bottle, case or in bulk to licensed retailers, including, but not limited to, retail stores, restaurants and clubs.

A holder of a small Maine brewery license may apply for one license for the sale of liquor for on-premise consumption for a location other than the brewery.

A holder of a small Maine brewery license may list on product labels and in its advertising the list of the ingredients and the product's average percentage of the recommended daily allowances of nutritional requirements.

Effective September 19, 1985.
