§2333. Short title

This subchapter shall be known as the "Nonprofit Service Organizations Preferred Provider Arrangement Act of 1986."

§2334. Definitions

As used in this Act unless the context indicates otherwise, the following terms have the following meanings.

1. Health care services. "Health care services" means health care services or products rendered or sold by a provider within the scope of the providers legal authorization.

2. Nonprofit service organization. "Nonprofit service organization" means a nonprofit hospital service corporation, nonprofit medical service corporation or nonprofit health care plan authorized in this State.

3. Preferred provider. "Preferred provider" means a provider of health care services who has entered into a preferred provider arrangement with a nonprofit service organization.

4. Preferred provider arrangement. "Preferred provider arrangement" means a contract, agreement or arrangement consistent with section 2336.

5. Provider. "Provider" means an individual or entity duly licensed or legally authorized to provide health care services.

6. Subscriber. "Subscriber" means an individual entitled to certain specified health care under a contract issued by a nonprofit service organization.

7. Superintendent. "Superintendent" means the Superintendent of Insurance.

§2335. Selective contracting authorized

Nonprofit service organizations may enter into contracts with a limited number of preferred providers. In selecting preferred providers, nonprof-

it service organizations may consider, among other factors, price differences between or among providers, geographic accessibility, specialization and projected utilization by beneficiaries and insureds. Selective contracting does not constitute unreasonable discrimination against or among providers.

§2336. Contracts; agreements or arrangements with incentives or limits on reimbursement authorized

1. Contracts, agreements or arrangements. Contracts, agreements or arrangements issued under this Act may not contain terms or conditions that will operate unreasonably to restrict the access and availability of health care services for the subscriber.

2. Nonprofit service organizations. Nonprofit service organizations may:

A. Enter into agreements with certain providers of their choice relating to health care services which may be rendered to subscribers of the nonprofit service organizations, including agreements relating to the amounts to be charged by the provider to the subscriber for services rendered and amounts to be paid by the nonprofit service organization for services rendered; or

B. Issue or administer programs or contracts in this State that include incentives for the subscriber to use the services of a provider who has entered into an agreement with the nonprofit service organization pursuant to paragraph A. Where such a program or contract is offered to an employee group, employees shall have the option annually of participating in any other health insurance program or health care plan sponsored by their employer.

§2337. Reporting and disclosure

1. Disclosure. Any nonprofit service organization which proposes to offer a preferred provider arrangement authorized by this chapter shall disclose in a report to the Superintendent of Insurance, at least 30 days prior to its initial offering and prior to any change thereafter, the following:

A. The name which the arrangement intends to use and its business address;

B. The name, address and nature of any separate organization which administers the arrangement on the behalf of the nonprofit service organization; and

C. The names and addresses of all providers designated by the nonprofit service organizations under this section and the terms of the agreements with designated health care providers.

The superintendent shall maintain a record of arrangements proposed under this section, including a record of any complaints submitted relative to the arrangements.

D. A description of the process for addressing a complaint under the policy or contract;

E. Deductible and coinsurance amounts charged to any person receiving health care services from a preferred provider; and

3. Disapproval of arrangements. The superintendent shall disapprove any arrangement if it contains any unjust, unfair or inequitable provisions.

§2338. Risk-sharing and prepaid capitation rates

Preferred provider arrangements may embody risk sharing by providers. Any nonprofit service organization having formed a preferred provider arrangement by employing a prepaid capitation rate shall file applicable provider agreements, rates and other relevant material with the Superintendent of Insurance for approval. The superintendent shall disapprove any rates which are excessive, inadequate or unfairly discriminatory.

If the superintendent has not taken any action on the forms filed within 30 days of receipt, the arrangement shall be deemed approved. The superintendent may extend, by not more than an additional 30 days, the period within which he may affirmatively approve or disapprove any form, by giving notice to the nonprofit service organization before expiration of the initial 30-day period. At the expiration of any extension, if the superintendent has not acted on the forms, the arrangement shall be deemed approved. The superintendent may at any time, after hearing and for cause shown, withdraw any such approval.

§2339. Alternative health care benefits

A nonprofit service organization which makes a preferred provider arrangement available shall provide for payment for covered health care services rendered by providers who are not preferred providers. The payment shall be at least 80% of the amount that would have been paid by the nonprofit service organization for services rendered by a preferred provider .

§2340. Utilization review

On or before April 1st of each year, a nonprofit service organization which issues or administers a program or contract in this State that includes incentives for the subscriber to use the services, or a provider who has entered into an agreement with the nonprofit service organization pursuant to section 2336, subsection 2, paragraph A, shall file a report of its activities for the preceding year with the superintendent and at a minimum shall contain the following:

§2678. Utilization review

On or before April 1st of each year, an administrator or insurer who issues or administers a program, policy or contract in this State that includes incentives for the insured or beneficiary to use the services of a provider who has entered into an agree-

Nothing in this provision prohibits an insurer from providing an incentive for insureds to use the services of a particular provider.

These funds shall be in addition to and shall not be included as a part of other working capital funds required by regulation of the Bureau of Insurance.

In making this determination, the superintendent may also consider:

No employer may be required to pay more for health benefits as a result of the application of this section than would otherwise be paid.
