ONE HUNDRED AND THIRTEENTH LEGISLATURE
1987

to be adjusted proportionally for any change in Title 26, section 1043, subsection 2 wages from \$7,000.

Sec. 3. 36 MRSA §5215, sub-§7, as amended by PL 1985, c. 535, §18, is further amended to read:

7. Legislative findings. The Legislature finds the encouragement of the growth of major industry in the State to be in the public interest and for the promotion of the general welfare of the people of the State; and that the use of investment tax credits to encourage industry to make substantial capital investments in the State is necessary to promote the purpose of the Legislature of encouraging the growth of industry; and that the Legislature further finds that the selecting of limits of \$5,000,000 in qualified investment in the State and an increase of a new job credit base of ~~\$1,400,000 for a taxable year~~ 200 new jobs following the investment are reasonable qualifying criteria for the application of an investment tax credit and will best promote substantial capital investment in the State.

Sec. 4. **Effective date.** This Act shall apply to all tax returns for tax years beginning on or after January 1, 1985, notwithstanding prior amendments to the law.

Emergency clause. In view of the emergency cited in the preamble, this Act shall take effect when approved.

Effective September 23, 1988.

CHAPTER 881

H.P. 1985 — L.D. 2688

AN ACT to Amend the Maine Student Educational Enhancement Deposit Program.

Emergency preamble. Whereas, Acts of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

Whereas, college tuition prepayment plans have been adopted by several states as a way to assist parents and others to better plan for the expense of a post-secondary education; and

Whereas, at least one state has implemented its college tuition prepayment plan, providing a model for other states to follow; and

Whereas, the Maine Legislature created the Student Educational Enhancement Deposit Plan, or SEED Plan, to serve as a college tuition prepayment plan for Maine students, their families and others; and

Whereas, the SEED Plan was determined by the Legislature to be an appropriate response to the needs of Maine people for greater preparedness in planning for the cost of post-secondary education; and

Whereas, considerable public attention has been given to the SEED Plan and the promise it offers, through its adoption in 1987, of an alternative funding option for those concerned about the cost of post-secondary education; and

Whereas, the Board of Trustees of the SEED Plan have indicated that the original law as drafted has made it difficult for them fully to develop a prepayment plan that meets the intent of the Legislature; and

Whereas, the Board of Trustees has said it will not take further action unless and until further direction is provided by the Legislature; and

Whereas, the Legislature must clarify its expectations of the Board of Trustees and the Department of Educational and Cultural Services in order to make sure the intent of the original SEED legislation is respected; and

Whereas, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

Be it enacted by the People of the State of Maine as follows:

20-A MRSA §12611-A is enacted to read:

§12611-A. Amendments; alternative plans

1. Amendments to chapter. If the board determines that amendments to the chapter are necessary in order to enhance the options available to Maine families for affordable and predictable financing of post-secondary education, it may propose the necessary legislation.

2. Alternate plans. The board may develop alternative post-secondary financing plans under the Maine Student Educational Enhancement Deposit Program which are different from the prepaid tuition plan provided in this chapter. Any such alternative plans shall be promulgated in accordance with the Maine Administrative Procedure Act, Title 5, chapter 375 and shall be submitted to the joint standing committee of the Legislature having jurisdiction over education for review.

Emergency clause. In view of the emergency cited in the preamble, this Act shall take effect when approved.

Effective September 23, 1988.

CHAPTER 882

S.P. 1023 — L.D. 2679

AN ACT to Modify the Radiation Protection Services Statute for Commercial Nuclear Power Facilities in the State.
