RESOLVES

OF THE

STATE OF MAINE

AS PASSED AT THE SECOND REGULAR SESSION

of the

ONE HUNDRED AND THIRTEENTH LEGISLATURE

1987

University of Maine System and Greenbush to study. Resolved: That the University of Maine System and the Town of Greenbush shall jointly retain a consultant to study the former University of Maine System low-level radioactive waste disposal site on Department of Conservation land in the Town of Greenbush. The University of Maine System and the town may seek the advice of the State Geologist and the Department of Environmental Protection in reviewing the consultant's report. The University of Maine System shall pay all costs associated with the study. The study shall include the following elements:

- 1. An assessment of the adequacy of the existing ground water monitoring system and past sampling programs. This assessment will determine the need for an expanded monitoring well system and the preparation of a 5-year monitoring program to assess impacts on ground water quality;
- 2. An evaluation of the effectiveness of past remedial actions taken at the site, including the existing sand and plastic cap on the site, to limit long-term impacts on ground water quality;
- 3. An evaluation of the health and environmental risks of removing the radioactive waste materials and other hazardous materials to an approved disposal site; and
- 4. The preparation of a permanent closure plan for the site which meets all federal and state requirements for the closure of low-level radioactive waste disposal sites; and be it further

Report. Resolved: That the University and the Town shall issue a report on the findings to the Joint Standing Committee of the Legislature on Energy and Natural Resources by January 15, 1989; and be it further

Future fiscal responsibility. Resolved: That the University of Maine System shall incorporate the funds necessary to implement the recommended actions in its budget proposal to the Legislature for fiscal year 1990 and beyond.

Effective August 4, 1988.

CHAPTER 114

S.P. 791 — L.D. 2079

RESOLVE, to Create a Day Care Demonstration Project as an Employment Incentive to Help Address the Nursing Shortage.

Emergency preamble. Whereas, Acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

Whereas, the State is currently experiencing an alarming shortage of nursing staff; and

Whereas, the provision of low-cost, on-site day care programs at health facilities will create an incentive for the recruitment of nursing staff for these health care facilities; and

Whereas, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore, be it

Day care demonstration project. Resolved: That a day care demonstration project shall be conducted that will provide day care services to the employees of a hospital of the State for a period of one year from the effective date of this resolve. The project shall include 7-day-a-week coverage and a sick child area. Selection of the hospital to operate the program shall be made on a request-for-proposal basis. Disproportionate share hospitals, as defined by the Department of Human Services, are not eligible.

Results of this project. Resolved: That results of this project shall be made available, in a final report to be submitted to the First Regular Session of the 114th Legislature by February 1, 1989. This report shall also be available to the appropriate state agencies and the State's health care facilities.

The report to the Legislature shall include recommendations for any changes to statutes and rules which are necessary in order to implement this project on an ongoing statewide basis. The report shall include the following: The time line for start-up and implementation; any problems in the start-up and operation and reasons for these problems; information on numbers and categories of employees served, number of children served, hours of operation, fees charged and assistance provided for low-income individuals, including any sliding scales; and the budget and sources of funding. The report shall also contain data on the results of the project including the following: Recruitment, retention, absenteeism, productivity and improvement in morale of staff by category of employee, which can be attributed to the provision of the child care service; and whether a more favorable community image and favorable publicity resulted from the provision of the child care service; and be it further

Funding. Resolved: That, notwithstanding the Maine Revised Statutes, Title 22, section 396-C, subsection 2, and section 396-D, the 4th payment-year financial requirements of the hospital selected for the project, for purposes of Title 22, section 396-H, paragraph A, shall include the interim adjustment of \$80,000 to provide a portion of the funds required to support the demonstration project authorized herein. This adjustment shall not be considered part of payment-year financial requirements for purposes of computing financial requirements for subsequent payment years pursuant to Title 22, section 396-C, subsection 2.

Emergency clause. In view of the emergency cited in the preamble, this resolve shall take effect when approved.

Effective May 2, 1988.
