An Act to Implement, Administer and Enforce  
the United States Emergency Planning and  
Community Right-to-Know Act of 1986

**Emergency preamble.** Whereas, Acts of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

Whereas, hazardous and toxic substances are used in the State which may pose acute and chronic health hazards to individuals who live and work in the State and who are exposed to these substances as a result of fires, spills, industrial accidents or other types of releases or emissions; and

Whereas, protection of the general public from these potential health hazards must be accomplished through the cooperative efforts of employers, workers, emergency responders and the general public; and

Whereas, the Legislature recognizes that protection of the individuals who live and work in the State can and should be accomplished without placing unnecessary burdens on employers; and

Whereas, the United States Congress failed to appropriate sufficient funds for implementing, administering and enforcing the Emergency Planning and Community Right-to-Know Act of 1986 at the state level; and

Whereas, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

Be it enacted by the People of the State of Maine as follows:

Sec. 1. 5 MRSA §12004-G, sub-§13-A is enacted to read:

<u>13-A. Environ-</u>	<u>State</u>	<u>Not</u>	<u>37-B MRSA §792</u>
