The council is charged with working with a similar council established by the State of New Hampshire. The council shall address river traffic, pollution, wetlands preservation, waterfront development and other issues that affect water resources within the Piscataqua River basin and its surrounding tributaries. The council may address problems of common concern and interests to the river and bay communities with the goal of giving advice and making recommendations to the Legislature.

Sec. 2. Members. The council is composed of the following:

CHAPTER 96**S.P. 942 - L.D. 2405****An Act Authorizing the Town of Rockport to Refinance Certain Temporary Bond Anticipation Notes Issued for Its Wastewater Project**

Emergency preamble. Whereas, Acts of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

Whereas, the Town of Rockport has authorized the issuance of general obligation securities for the purpose of financing certain capital improvements to the town's wastewater system and has issued its temporary general obligation bond anticipation notes in the principal amount of \$1,300,000 to finance the project, the debt being originally issued in August 1989; and

Whereas, long-term financing for the project is expected to be provided by the issuance of general obligation bonds to the Maine Municipal Bond Bank or another lending institution; and

Whereas, engineering problems associated with the project have caused the design and construction of the project to extend beyond the time originally contemplated and delayed the issuance of the long-term bonds of the Town of Rockport; and

Whereas, the Maine Revised Statutes, Title 30-A, section 5772 states that the period of anticipatory borrowing by a municipality may not exceed 3 years; and

Whereas, it may be necessary for the Town of Rockport to extend the period of its anticipatory borrowing for an additional year; and

Whereas, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

Be it enacted by the People of the State of Maine as follows:

Sec. 1. Authority to issue and sell temporary notes. Notwithstanding the Maine Revised Statutes, Title 30-A, section 5772 or any other provision of law, the Town of Rockport may issue and sell temporary general obligation bond anticipation notes in a principal amount not to exceed \$1,300,000 for an additional year for the purpose of refinancing certain outstanding temporary notes originally issued in August 1989 and subsequently reissued in 1990 and 1991 in order to finance the wastewater project for the Town of Rockport and the 3-year limitation regarding temporary or anticipatory borrowing under Title 30-A, section 5772 is extended to 4 years for the wastewater project for the Town of Rockport.

Emergency clause. In view of the emergency cited in the preamble, this Act takes effect when approved.

Effective March 30, 1992.
