A. Except as otherwise expressly agreed to by the Attorney General, all proposed administrative consent agreements must be reviewed and approved by the Department of the Attorney General before being sent to the alleged violator.

B. All proposed administrative consent agreements sent to the alleged violator must be accompanied by written correspondence from the department, in language reasonably understandable to a citizen, explaining the alleged violator's rights and responsibilities with respect to the proposed administrative consent agreement. The correspondence must include an explanation of the factors considered by the commissioner in determining the proposed civil penalty, a statement indicating that the administrative consent agreement process is a voluntary mechanism for resolving enforcement matters without the need for litigation and an explanation of the department's procedures for handling administrative consent agreements. The correspondence must also specify a reasonable time period for the alleged violator to respond to the proposed administrative consent agreement and offer the opportunity for a meeting with department staff to discuss the proposed agreement.

C. After a proposed administrative consent agreement has been sent to the alleged violator, the commissioner may revise and resubmit the agreement if further circumstances become known to the commissioner, including information provided by the alleged violator, that justify a revision.

D. The public may make written comments to the board at the board's discretion on an administrative consent agreement entered into by the commissioner and approved by the board.

Emergency clause. In view of the emergency cited in the preamble, this Act takes effect when approved.
