PUBLISHED BY THE REVISOR OF STATUTES
IN ACCORDANCE WITH MAINE REVISED STATUTES ANNOTATED,
TITLE 3, SECTION 163-A, SUBSECTION 4.

J.S. McCarthy Company
Augusta, Maine
1997

Rules adopted pursuant to this subsection are major substantive rules under Title 5, chapter 375, subchapter II-A.

13-C. Use of treated ash in secure landfills. Subject to the requirements of other applicable laws, a person may do the following without a license issued pursuant to subsection 13-B:

A. Process municipal solid waste incinerator ash to remove noncombusted materials, size the ash and reduce the solubility of metals contained within the ash; and

B. Use municipal solid waste incinerator ash processed in the manner specified in paragraph A as follows:

(1) As landfill daily cover material in a secure landfill;

(2) As construction material in a secure landfill; and

(3) In pilot projects in a secure landfill.

The use of municipal solid waste incinerator ash pursuant to this subsection is limited to the lined areas within a secure landfill and each use must receive case-by-case approval from the department. Prior to approving the use of municipal solid waste incinerator ash in a secure landfill, the department shall ensure that the use provides adequate protection of human health and the environment.

For purposes of this subsection, the term "secure landfill" means a landfill that utilizes a liner system, a leachate collection and treatment system and a final cover system to minimize discharges of waste or leachate and control the release of gas to the environment.

Sec. 2. Findings. The Legislature makes the following findings:

1. Municipal solid waste incinerator ash contains highly toxic materials such as dioxin that, if inadequately regulated and controlled, can cause very serious damage to the environment and harm to human health and safety;

2. New processing techniques have made possible new uses of this ash that were not contemplated when current laws were enacted; and

3. This Act is essential to ensure that before this ash is used in any manner that introduces the ash into the environment in a way other than through proper landfill disposal the use will be adequately reviewed to

ensure protection against and control of the environmental, health and safety risks.

CHAPTER 419

H.P. 1140 - L.D. 1605

An Act to Prohibit Towns from Cancelling Health Insurance Provided to Retired Employees

Mandate preamble. This measure requires one or more local units of government to expand or modify activities so as to necessitate additional expenditures from local revenues but does not provide funding for at least 90% of those expenditures. Pursuant to the Constitution of Maine, Article IX, Section 21, two thirds of all of the members elected to each House have determined it necessary to enact this measure.

Be it enacted by the People of the State of Maine as follows:

Sec. 1. 30-A MRSA §2677 is enacted to read:

§2677. Health insurance; retired employee

Notwithstanding section 2671, a municipality shall keep a retired municipal employee formerly employed by the municipality in that municipality's health care plan as long as the retired employee continues to pay the health insurance group rate premiums required for that retired employee.

See title page for effective date.

CHAPTER 420

S.P. 218 - L.D. 677

An Act Regarding the Penalty for Failure to Allow a Terminated Employee to Review Certain Files

Be it enacted by the People of the State of Maine as follows:

Sec. 1. 26 MRSA §631, as amended by PL 1991, c. 885, Pt. D, §2, is further amended to read:

§631. Employee right to review personnel file

The employer shall, upon written request from an employee or former employee, provide the employee, former employee or duly authorized representative with an opportunity to review and copy
