CHAPTER 622

S.P. 478 - L.D. 1438

An Act to Allow for Expeditious Improvements to Commercial Tracks

Be it enacted by the People of the State of Maine as follows:

Sec. 1. 8 MRSA §287, sub-§§2 and 5, as enacted by PL 1997, c. 528, §46, are amended to read:

2. Commercial meet account. The Treasurer of State shall deposit in a commercial meet account 72% of the revenue credited to the General Fund under this section that is attributable to amounts in excess of \$35,000,000. This account must be divided in the proportion that the contributions of regular and exotic wagers of pari-mutuel pools on live racing made or conducted at the commercial meets of each licensee during the calendar year bear to the total contributions of regular and exotic wagers to pari-mutuel pools on live racing made or conducted at the commercial meets of all licensees during that calendar year. Licensees sharing in this distribution shall use 1/2 of the funds received for the purpose of supplementing purse money. The other 1/2 of this distribution must be paid to the commercial licensees as reimbursement for improvements made to their racing facilities in the calendar year during which the funds are generated or, beginning January 1, 2000, during the prior year. To receive reimbursement, commercial licensees must submit plans for the improvements to the commission and receive approval from the commission prior to making the improvements, and the commission must verify that the approved improvements have been made.

5. Definition. For the purposes of this section, "improvements" means the amount paid out for new buildings or for permanent improvements made to

improve the facilities utilized by the licensee for conducting its racing meetings; or the amount expended in restoring property or in improving the facility or any part of the facility that results in the addition or, replacement or substantial enhancement or restoration of a fixed asset or of a movable asset that is important to efficient operation of the racing meetings. In general, the amounts referred to as improvements include amounts paid that add to the value, improve or substantially prolong the useful life of the racetrack and moveable assets utilized by the licensee for conducting its racing meetings. Amounts paid or incurred for routine repairs and maintenance of property, interest expense or lease payments in connection with the capital improvements are not improvements within the meaning of this section. In order to qualify as an improvement, a substantial enhancement or restoration of an asset must cost at least \$2,000 and must be an expenditure that would qualify for depreciation under the United States Internal Revenue Code. A moveable asset may be considered important to the efficient operation of a race meeting if the asset will remain at the commercial track or at the offices of the licensee throughout its use and if that asset is directly associated with running races, accommodating patrons of the race meet, conducting pari-mutuel wagering or paying purses.

Sec. 2. 8 MRSA §287, sub-§7 is enacted to read:

7. Interim payments to commercial tracks. If during the course of any calendar year the commission finds that wagers placed at facilities licensed under this chapter for the year are likely to exceed \$35,000,000, it may, if reasonably necessary for improvements to be effected expeditiously, direct the Treasurer of State to make interim payments to a commercial track in amounts as the commission finds the commercial track is likely to be entitled to receive under this section. If a commercial track receives interim payments under this subsection that exceed the total amount the commercial track is entitled to receive for the calendar year, the Treasurer of State shall reimburse the General Fund for this excess by retaining money otherwise due to that commercial track pursuant to section 295.

See title page for effective date.

CHAPTER 623

H.P. 1621 - L.D. 2268

An Act to Ensure that Reports Commissioned by the State are Submitted in Writing or Other Reproducible Format
