**Sec. 5. 26 MRSA §843, sub-§4, ¶F** is enacted to read:

F. The death or serious health condition of the employee's spouse, domestic partner, parent or child if the spouse, domestic partner, parent or child as a member of the state military forces, as defined in Title 37-B, section 102, or the United States Armed Forces, including the National Guard and Reserves, dies or incurs a serious health condition while on active duty.

See title page for effective date.

## CHAPTER 389

### H.P. 437 - L.D. 559

#### **An Act Regarding the Valuation of Land within Buffer Areas Established under the Natural Resources Protection Laws**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 36 MRSA §701-A, first ¶,** as amended by PL 1999, c. 478, §2, is further amended to read:

In the assessment of property, assessors in determining just value are to define this term in a manner that recognizes only that value arising from presently possible land use alternatives to which the particular parcel of land being valued may be put. In determining just value, assessors must consider all relevant factors, including without limitation, the effect upon value of any enforceable restrictions to which the use of the land may be subjected including the effect on value of designation of land as significant wildlife habitat under Title 38, section 480-BB, current use, physical depreciation, sales in the secondary market, functional obsolescence and economic obsolescence. Restrictions include but are not limited to zoning restrictions limiting the use of land, subdivision restrictions and any recorded contractual provisions limiting the use of lands. The just value of land is determined to arise from and is attributable to legally permissible use or uses only.

See title page for effective date.

## CHAPTER 390

### H.P. 1249 - L.D. 1787

#### **An Act To Amend the Licensing of Landscape Architects**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 32 MRSA §220, sub-§2,** as amended by PL 1991, c. 824, Pt. A, §64, is repealed and the following enacted in its place:

**2. Landscape architects.** Landscape architects are subject to the provisions of this section.

A. A person may not use the title "landscape architect" or profess to be a landscape architect or sign drawings or specifications as a landscape architect unless that person is duly licensed by the board. As used in this chapter, the practice of landscape architecture consists of rendering or offering to render services to clients by consultations, investigations, technical submissions and administration of construction contracts for the purposes of public land development and enhancement projects involving site vehicular access and circulation, multi-vehicle parking areas, grading and drainage of such ways and areas and site grading that results in drainage flows that exceed the previously existing drainage capacity, when such project submissions require the stamp or seal of a licensed professional for permit or approval by a municipal land ordinance, site plan ordinance, zoning ordinance or state land development law. These services must apply artistic and scientific principles to the research, planning, design and management of both natural and built environments.

Practitioners of landscape architecture may collaborate in the design of buildings, roads, bridges and other structures with respect to the functional and aesthetic requirements of the landscape in which they are to be placed.

The practice of landscape architecture does not include the practice of architecture as defined in this chapter. A licensed landscape architect may do such architectural work as is incidental to the landscape architect's work.

A person licensed as a landscape architect pursuant to this subsection is entitled to practice within the scope of that person's knowledge, skill and abilities. This subsection may not be construed to affect or prevent the practice of architecture, engineering or any other legally recognized profession.

B. A landscape architect must meet the qualifications established in this paragraph.

(1) To be qualified for admission to the examination to practice landscape architecture in this State, an applicant must submit evidence that:

(a) The applicant has completed a course of study in a school or college of land-
