As used in this article, unless the context otherwise indicates, the following terms have the following meanings.

1. Professional firefighter. 2. Qualifying member. "Qualifying member" means:

A. A member who dies as a result of an injury arising out of and in the course of employment as an employee;

If the professional firefighter dies after 30 days but within 6 months of participating in firefighting or training or a drill that involves firefighting, there is a rebuttable presumption that the death is the result of an injury arising out of and in the course of employment as a professional firefighter; or
