4. Participation in contracts. A pharmacy benefits manager may not require a pharmacist or pharmacy to participate in one network in order to participate in another network. 5. Prohibition. The written contract between a carrier and a pharmacy benefits manager may not provide that the pharmacist or pharmacy is responsible for the actions of the insurer or a pharmacy benefits manager.

6. Pharmacy benefits manager duties. All contracts must provide that, when the pharmacy benefits manager receives payment for the services of a pharmacist or pharmacy, the pharmacy benefits manager shall distribute the funds in accordance with the time frames provided in Title 22, section 2699-A.

7. Complaints, grievances and appeals. A pharmacy benefits manager may not terminate the contract of or penalize a pharmacist or pharmacy solely as a result of the pharmacist's or pharmacy's filing of a complaint, grievance or appeal. This subsection is not intended to restrict the pharmacy's and

pharmacy benefits manager's ability to enter into agreements that allow for mutual termination without cause.

8. Denial or limitation of benefits. A pharmacy's benefits manager may not terminate the contract of or penalize a pharmacist or pharmacy for expressing disagreement with a carrier's decision to deny or limit benefits to an enrollee or because the pharmacist or pharmacy assists the enrollee to seek reconsideration of the carrier's decision or because the pharmacist or pharmacy discusses alternative medications.

10. Audits. Notwithstanding any other provision of law, when an on-site audit of the records of a pharmacy is conducted by a pharmacy benefits manager, the audit must be conducted in accordance with the following criteria.

A. A finding of overpayment or underpayment must be based on the actual overpayment or underpayment and not a projection based on the number of patients served having a similar diagnosis or on the number of similar orders or refills for similar drugs, unless the projected overpayment or denial is a part of a settlement agreed to by the pharmacy or pharmacist.

B. The auditor may not use extrapolation in calculating recoupments or penalties.

C. Any audit that involves clinical or professional judgment must be conducted by or in consultation with a pharmacist.

D. Each entity conducting an audit shall establish an appeals process under which a pharmacy may appeal an unfavorable preliminary audit report to the entity.

11. Audit information and reports. A preliminary audit report must be delivered to the pharmacy within 60 days after the conclusion of the audit under subsection 10. A pharmacy must be allowed at least 30 days following receipt of the preliminary audit to provide documentation to address any discrepancy found in the audit. A final audit report must be delivered to the pharmacy within 90 days after receipt of the preliminary audit report or final appeal, whichever is later. A charge-back, recoupment or other penalty may not be assessed until the appeal process provided by the pharmacy benefits manager has been exhausted and the final report issued.
