The board shall establish the requirements and application and approval process of pilot projects established pursuant to this subsection. At a minimum, an emergency medical services provider, including, but not limited to, an ambulance service or nontransporting emergency medical service, that conducts a pilot project shall work with an identified primary care medical director, have an emergency medical services medical director and collect and submit data and written reports to the board, in accordance with requirements established by the board.

On or before January 30th of each year, the board shall submit a written report to the joint standing committees of the Legislature having jurisdiction over criminal justice and public safety matters and labor, commerce, research and economic development matters that summarizes the work and progress during the previous calendar year of each pilot project authorized pursuant to this subsection.
